

Today

THE POPE SPEAKS.
BOSTON DEPARTS.
POSTMASTER'S FLEET.

By Arthur Brisbane

AN important encyclical published by the pope in the *Osservatore Romano* denounces the "new naturalism" taught in school, which denies "the super-natural Christian agency."

No education can be sound, the pope says, if it is founded on "negation of original sin."

The pope condemns co-education and sexual education.

The church, according to the pope, is supreme in education, taking precedence over the family and state.

The pope disagrees with Mussolini who puts the state first in everything.

The late Charlie Boston, New York Chinese merchant, head of an important "tung" and doubtless in heaven at this moment, neglected no precautions.

Two Chinese bands accompanied him to the grave, to keep away evil spirits, and bits of paper were scattered along the route, perhaps with prayers written on them, to frighten the evil spirits more thoroughly. Two Chinese bands should have sufficed.

Rice, wine and chicken were placed in Mr. Boston's grave with the body, that he might need nothing.

A Presbyterian clergyman read the Christian burial service.

It was planned to have a Taoist priest to go through a Chinese ceremony to make sure, but no Taoist priest could be found.

Behind the two Chinese bands march an Italian band which played sad dirges.

Few arrive at the heavenly gates with such a good start.

Mr. Brown, postmaster general, suggests a \$75,000,000 program to build a fleet of North Atlantic superliners for America passengers and mail.

The postmaster demands "a service which could compete with any foreign flag service on the North Atlantic."

Americans will congratulate Brown and President Hoover on their prospects, and hope that they will not only compete with, but eclipse every foreign service on North Atlantic and everywhere else.

Why should a country with the best engineers, from the president down, and with more money than anybody else, ever play second fiddle, on the ocean or in the air.

President Hoover believes "the great majority with him full success." And he is right. Whoever does not wish him success is a poor American.

But to wish the president success, to respect his ability, and honor his devotion to the public welfare, does not, of course, necessarily, involve agreement with all methods.

The president believes in commissions, "boards" of inquiry. They are useful. No man can be in several places at once.

But the greatest leaders, while they have appointed commissions, have done their own deciding, taking all responsibility, from Genghis Khan, conquering through Asia and Europe, to Theodore Roosevelt, building the Panama canal, regardless, when he made up his mind that it ought to be built.

Cromwell let Milton write letters for him. But Cromwell told Milton what to say, and he signed them himself.

Lisbon Council To Consider Increase

Lisbon, Jan. 29.—At a meeting of the village council of Lisbon next Monday night a measure will be presented to increase the salary of the street commissioner from \$110 to \$140 per month. This work is now being performed by Gomer Lewis, former sheriff of Columbiana county.

It is also said that discussion will be opened relative to the improvement and extension of the sewage system of Lisbon. This matter has the support of Mayor George Bradbury, who has announced that the matter is one that should receive the serious consideration of the council.

18 Sailors Killed As Vessel Explodes

London, Jan. 29.—Eighteen seamen lost their lives when the trawler *Mela* sank off Corfu island following the explosion of a boiler aboard the vessel, according to a Central News dispatch received from Rome today.

The *Mela* was in the Ionian Sea lying west of Greece and east of Sicily.

NOTICE, MASONS!
THERE WILL BE A SPECIAL COMMUNICATION OF SALEM CITY LODGE, NO. 698, F. & A. M. WEDNESDAY EVENING AT 7:30 FOR THE PURPOSE OF CONDUCTING FUNERAL SERVICES FOR OUR LATE BROTHER JOS. A. SCHWARTZ.
SIGNED: H. L. MCCARTHY, W. M. ATTEST: E. H. TAYLOR, SECY.

THE SALEM NEWS

SCHOOL BUS DISTRICT EXPANDED

School Bus Conditions In Ohio Exceedingly Bad, Reports Show

OVERCROWDING, POOR DRIVERS, FRAUDS FOUND

30 Capacity Bus Carries Seventy Children In Case Surveyed

LAWS VIOLATED IN MANY CASES, CLAIM

To Continue Work Until Entire Situation Is Unraveled

Columbus, O., Jan. 29.—Overcrowded school buses, fraud and unlicensed drivers of school buses prevail throughout Ohio, according to a report which has been submitted today to Secretary of State Clarence J. Brown by Chalmers R. Wilson, commissioner of motor vehicles.

Commissioner Wilson made his report after a state-wide investigation which was started last Saturday following recent bus crashes in which 16 school children and one driver were killed. The investigation will continue until a complete survey of the state has been made.

The report included that many buses are overcrowded in violation of the law; that fraud prevails in many sections of the state in obtaining license tags for school buses;

That only a small per cent of the bus drivers have chauffeurs' licenses. That in a few instances, school boards have violated the law in the contracting for the buses or the drivers.

Secretary Brown recently ordered all school bus drivers to obtain chauffeurs' licenses. They are required to pass physical and written examinations and a driver's test before being awarded a license.

School buses with a seating capacity of 25 or 30, have carried from 70 to 75 children, the investigators found that not one bus driver is a licensed chauffeur.

One county superintendent reported that a driver of a bus had applied for a chauffeur's license on the ground that he was the lowest bidder, the report stated.

The public utilities commission has ordered the New York Central railroad to erect an automatic flash signal at the Sheldon rd. crossing near Berea, where nine children and the driver of the bus lost their lives. The Pennsylvania railroad previously was ordered by the commission to place a similar signal at the crossing in Shreve, where seven were killed and nine were injured.

But to wish the president success, to respect his ability, and honor his devotion to the public welfare, does not, of course, necessarily, involve agreement with all methods.

The president believes in commissions, "boards" of inquiry. They are useful. No man can be in several places at once.

But the greatest leaders, while they have appointed commissions, have done their own deciding, taking all responsibility, from Genghis Khan, conquering through Asia and Europe, to Theodore Roosevelt, building the Panama canal, regardless, when he made up his mind that it ought to be built.

Cromwell let Milton write letters for him. But Cromwell told Milton what to say, and he signed them himself.

Sheriff Finds Still In Raid

Salem Worker Jailed For Possession of Coils For Manufacture

Lisbon, Jan. 29.—Charles Unstead employed in Salem, and residing one-half mile west of McCracken's corner, is being held in Lisbon for arraignment before Probate Judge Lodge Riddle on a charge of unlawful possession of implements designed for the manufacture of intoxicating liquors today.

Unstead was arrested following a raid on his residence by Sheriff W. J. Barlow and Deputy George Harroff Tuesday afternoon. The officers report discovery and confiscation of a still, boiler and coil, all designed for the manufacture of liquor.

No one was at the residence at the time of the raid. Unstead being arrested on his return there from Salem at 5 p. m.

Tribute To Memory Of Former President Engulfs Canton

Canton, O., Jan. 29.—Unfurling memories of the days when "Young Lawyer Bill" McKinley, as he was known then, lived here, Canton and Stark county led the nation today in paying homage to the memory of the martyred president.

Canton will climax its day of tribute to McKinley Day banquet tonight. Col. Ralph D. Cole of Findlay, O., will be the principal speaker and Judge Henry W. Harter, Sr., McKinley's closest friend in life and former law partner, will be the toast master.

Stories of McKinley's early career were recalled by the hundred fold here today and revived in school rooms and civic and social gatherings which were held in memory of the late president.

Prodigy

LITTLE NORRISA THOMPSON, of New Canaan, Conn., 10 years old, has recently entered high school at the age when most children are still romping around in grammar school. Norrissa is rated as an exceptional student. She loves books, but has also displayed an aptitude for drawing and dancing, a well.

ARIZONA DEPUTY DIES FROM DUEL WITH GUNWOMAN

Second Charge of Murder Pending Against Mrs. Irene Schroeder

Phoenix, Ariz., Jan. 29.—Deputy Sheriff Lee Wright, son of Sheriff Charles Wright of Maricopa county, died in a Mesa, Ariz., hospital today, the report stated.

School buses with a seating capacity of 25 or 30, have carried from 70 to 75 children, the investigators found that not one bus driver is a licensed chauffeur.

The public utilities commission has ordered the New York Central railroad to erect an automatic flash signal at the Sheldon rd. crossing near Berea, where nine children and the driver of the bus lost their lives. The Pennsylvania railroad previously was ordered by the commission to place a similar signal at the crossing in Shreve, where seven were killed and nine were injured.

Mooseheart Legion Appoints Officers

Officers for the ensuing year were chosen at a meeting of Salem chapter No. 68, Women of the Mooseheart Legion, Tuesday evening at the hall. Mrs. Clara Shepard was chosen senior regent while Mrs. Ellen Groves was elected junior regent.

Officers chosen are: Past regent, Mrs. Nellie McGregor; chaplain, Mrs. O. B. Warner; recorder, Mrs. Frances Kallier; treasurer, Mrs. Margaret Harding; guide, Mrs. Nettie Bonfert; assistant guide, Mrs. Mary Krepps; arguer, Mrs. Catherine Stallsmith; sentinel, Mrs. H. A. Riddle.

A covered dish supper, dancing and card games were pleasures. The next meeting will be in two weeks.

Turn Off Water

City water will be turned off from 8 a. m. until noon Thursday on West State st. from Sharp ave. to the end of the corporation limits, according to an announcement made today.

OHIO NEWSPAPER GROUP ACQUIRES OTHER INTERESTS

Portsmouth Publisher In Announcement Telling Of Transaction

BRUSH-MOORE NOW SERVES 7 CITIES

Salem Resident President Of Corporation Which Makes Purchase

Portsmouth, O., Jan. 29.—Harry E. Taylor, president and publisher of the Portsmouth Times and Portsmouth Sun and owner of half interest in the Ironton Tribune, today announced the sale of these papers to The Brush-Moore Newspapers, Inc.

Complete ownership of the Portsmouth papers will pass into the hands of Brush-Moore, but the C. H. Moore estate will retain its half interest in the Ironton Tribune.

Mr. Taylor was one of the original incorporators of the Portsmouth Times on March 3, 1894. He will continue his residence in Portsmouth.

The addition to the Brush-Moore newspapers makes a total of seven Ohio cities served by the organization.

Louis H. Brush, of Salem, is president of the organization; Roy D. Moore, of Canton, vice president and general manager, and W. H. Vodyre, of East Liverpool, secretary and treasurer.

Papers now controlled by The Brush-Moore Newspapers, Inc. in addition to the newly purchased Portsmouth and Ironton interests, are the Marion Star, of Marion, O., at one time owned by the late President Warren G. Harding; The Steubenville Herald Star, at one time owned by a grandfather of the late President, Woodrow Wilson; The Canton Repository, of which President William McKinley was a part owner and associate editor; the East Liverpool Review and the Salem News.

WILLIAMS GETS FEDERAL POST

Appointment Made Tuesday by President; Senate Must Consider

William J. "Jack" Williams, Youngstown, was nominated by President Herbert Hoover for the position of U. S. marshal of the northern Ohio district late Tuesday.

Williams' appointment was today referred to the senate for ratification, a routine matter in that his nomination by the president is considered as assurance that he will be named to the post. If ratification of the nomination is made Williams will succeed Marshall George R. Stauffer.

George Wright of East Liverpool, formerly sheriff of Columbiana county, was candidate for the appointment.

Williams, an attorney served in the state legislature for four years, was a candidate for mayor in Youngstown, and is a deep student of the charter form of government for cities. He headed the commission which drafted the present charter of Youngstown city government.

City water will be turned off from 8 a. m. until noon Thursday on West State st. from Sharp ave. to the end of the corporation limits, according to an announcement made today.

No one was at the residence at the time of the raid. Unstead being arrested on his return there from Salem at 5 p. m.

Unstead was arrested following a raid on his residence by Sheriff W. J. Barlow and Deputy George Harroff Tuesday afternoon. The officers report discovery and confiscation of a still, boiler and coil, all designed for the manufacture of liquor.

Insurance Men To Attend Services

The entire local force of the Prudential and Metropolitan Life Insurance companies will attend the revival service at the First Baptist church tonight. It was announced today. Kiwanians and the Salem Better Business bureau members will also attend.

Dr. J. W. Ham, evangelist, will preach his insurance sermon, "Setting the House in Order."

Special music for the service last night was provided by C. L. Cosand and members of his family, and Mrs. A. C. Westphal.

The services will continue each night this week, except Saturday. A meeting for men only is planned for Sunday afternoon.

Joseph A. Schwartz Funeral Thursday

A Masonic funeral service will be held at the home for Joseph A. Schwartz at 7:30 p. m. today with a service at the home at 8:30 a. m. Thursday. The body will then be sent to Cleveland for burial.

Star Boarder Flees From Shotgun

Lisbon, Jan. 29.—A non-support case filed with Juvenile Judge Lodge Riddle had a quick ending when the facts were told the court, and the defendant was told to "go hence."

The defendant did not like a relative who entered his home and assumed the role of a star boarder. The defendant told the court he "went a jag on," returned to his home with a shot gun, and told the star boarder to get on his knees and pray for three hours for "his time would then come."

Instead of doing as bid the star boarder ran out of the house and has not been seen since.

Husband, wife and children are now at peace.

HEAVY DAMAGES OCCUR IN BLAST OF LARGE BOMB

Chicago Area Thrown In Panic As Dynamite Is Set Off

SHATTERED GLASS DISRUPTS TRAFFIC

Guests At Hotel Flee As Explosion Rocks Big Buildings

Chicago, Jan. 29.—Hundreds of visitors to Chicago's automobile show today are initiates to Chicago's bombing technique after a powerful dynamite bomb exploded last night in automobile row, paralyzing Michigan boulevard traffic with showers of glass and causing terrified guests of a nearby hotel to flee to the street.

Patients in St. Luke's hospital, two blocks away were terrified by the rending blast and the confusion which followed.

Huge chunks of glass from scores of windows were blown out, showering the heavy stream of boulevard traffic and lying up the usual efficient flow of automobiles.

The bomb practically wrecked the rear of the building occupied by the Lewis E. Bower Automobile Loan company. The concussion blew out windows on the second, third, sixth and seventh floors of the new Southern hotel, causing guests to flee in a near panic.

Other buildings nearby suffered similarly as their windows high above the boulevard cracked and fell to the pavement. Although crowds were passing on the sidewalk no one was injured by falling debris, as far as could be learned.

So strong was the blast that a heavy steel garage door at the rear of the loan company was penetrated and torn. Silvers of steel from the severed portion were hurled into 25 automobiles stored inside.

Three employees in the front office of the loan company were knocked down by the blast, but suffered only minor cuts and bruises.

Police could find no motive for the bombing, although it was learned that minor difficulties have resulted recently with persons whose cars were taken to satisfy mortgages, authorities learned.

OFFICER FINED NOW IN PRISON

Fails To Pay \$10 Arrears Because Of Conduct Charge After He Attempted An Arrest

Although he has been a constable in Madison township for the last 14 years, and re-elected at the last November election, Harvey McLaughlin of West Point has been committed to the county jail by Mayor George Bradbury of Lisbon on a charge of disorderly conduct, preferred by Justice of the Peace J. O. McCord of Madison township.

McLaughlin was fined \$10 and costs which he has not paid, and was committed in default.

McLaughlin went to Dunstown in Madison township last Sunday night and was bitten by a dog. On his return to West Point, McLaughlin attempted to arrest George Rozovitz on a charge of intoxication. A fight followed. Justice of the Peace McCord swore in James Whitehead as a special constable and both men were placed under arrest and taken to the Lisbon jail. Each was fined \$10 and costs and one paid and the other was committed.

DANCE SATURDAY, FEB. 1st, MCCLANAHAN HALL, LADIES 25c, MEN, 50c. MUSIC BY PAT BOLEN AND HIS ORCHESTRA. EVERYBODY WELCOME.

Exponent Of "Greater Boston"

Miss Elizabeth M. Herlihy, of the Boston City Planning Board, and newly appointed secretary of the Research Commission on Metropolitan Unification, shown working at her desk. Miss Herlihy does not call it work, however, because she loves it, and has made it her hobby.

STATE APPROVES SALEM HIGH SCHOOL'S SYSTEM IN PHYSICAL EDUCATION

Annual Report Received By Alan Commends Plan Used Here

Salem High school was placed on the approval list of Ohio high schools which meet state requirements in its course on health and physical education in a communication received by J. S. Alan, superintendent of schools, from D. Overteuffer, state supervisor of health and physical education. The report was approved by J. L. Clifton, state director of education.

Out of more than 1,300 city high schools throughout the state, only 39 were placed on the approval list by the Ohio department of education. No Youngstown, Cleveland, Dayton, Cincinnati, or Columbus schools were recognized while only one Toledo school's program of physical and health education was approved.

Salem and David Anderson High school of Lisbon are the only two high schools in Columbiana county certified as coming up to state requirements. East Liverpool, Wellsville, East Palestine and other schools in the county were not included.

CORPS CHOOSES ACTIVE GROUPS

Committees For Year Are Selected In Meeting; Work Planned

Committees for the year were announced at a meeting of the Women's Relief corps Tuesday evening at the hall, East State st. They include:

Conference—Mrs. Sarah Fitzpatrick, Mrs. Lena Bierley, Mrs. Chalmers Zimmerman, Mrs. Cora Schwartz.

Relief—Mrs. Kittie McDonald, Mrs. W. T. Smith, Mrs. Will Rier, Mrs. Lizzie Wright, Mrs. Byron Zimmerman.

Auditing—Mrs. Fred Duke, Mrs. Viola Oltip, Mrs. G. H. Mounts, entertainment: Mrs. W. L. Fultz, Mrs. John Davidson, Mrs. David Horner, Mrs. Chalmers Zimmerman.

Executive—Mrs. Dora Bentley, Mrs. Frank Behner, Mrs. H. P. Maeder, Mrs. Cora Elton, Mrs. V. R. Dunn, Mrs. W. T. Smith.

Child Welfare—Mrs. Fannie Little, Mrs. Margaret Weaver, Mrs. Hattie Murphy, Americanization: Mrs. Will Cooper, Mrs. Della Jewell, Mrs. R. F. White.

Mrs. Harold McCarty, of Columbiana, received the quilt given away by the corps.

It was planned to serve lunch at one meeting each month. Members having birthdays in the month will provide the lunch.

At this meeting the lunch was served by Mrs. Cora Schwartz, Mrs. Fred Danlike, Mrs. Ervin Sommers.

Luther League To Give 3-Act Play

Members of the Luther league of the English Lutheran church will present a three-act comedy, "The Silver Lining" at 8 tonight at Memorial building.

Other numbers on the program are: Musical selections, Miss Hilda Franke; songs by Doris and Dorothy Hinkle; readings, Miss Betty Hinkle; musical selections, Miss Phoebe Ellen Parsons and Charles Wilhelm.

Aged Congressman To Observe 89th Birthday In Capital

Washington, Jan. 29.—Defying the usual rules for long livelihood, Rep. Charles Manley Stedman (D) of North Carolina, oldest member of congress and its only Civil War veteran, today celebrated his 89th birthday anniversary with a record of never having been sick in his life.

He planned to eat three square meals, smoke two or three black cigars and work from 9:30 a. m. to 5 p. m. in his office, with an interval to receive the praises of his colleagues on the floor of the house.

He believes that the world is getting better and believes that congress is fully as efficient and able as when he entered the house 19 years ago, but he adhered to his solemn rule to give no interviews.

Rep. Stedman plans to retire at the completion of his present term.

During his long career, Rep. Stedman rose from a private to a major in the Confederate army in the Civil war, was wounded three times, studied law, entered Democratic politics, served as lieutenant-governor of North Carolina and was barely defeated for governor.

Relative declare that there is nothing unusual about the vigor displayed by Major Stedman on his 89th birthday. He comes from a family of long-lived Scotch-Irish ancestors, many of whom have lived to be 100.

He refuses to be bothered by a diet, and eats what he likes, including plenty of sweets such as candy and ice cream. He has been an inveterate cigar smoker and now smokes frequently.

PERRY AREA IS INCLUDED WITH CITY DISTRICT

Change Will Be Effective Next June; Adds More Pupils

FINANCIAL PROBLEM COMES WITH CHANGE

Extension Was Requested By Residents Outside Of This City

Salem school districts were extended to include all of the Perry township by unanimous action of the Salem board of education at a special meeting, called for an immediate consideration of the project, at the high school building Tuesday night.

The board approved a petition from the Columbiana board of education requesting that annexation of the township district be accomplished by the city. Short discussions were held on the project and its future effect on the city.

The extension of school districts will not be effective until the close of the present school term, or until June 30, 1930. At this time all of the school districts, formerly known as the Perry township district will be combined with the city's districts and be known as one, the Salem school district.

With the combination of the two areas both assume any financial indebtedness the other district may have and also receive the benefit in surplus funds in each. The Perry township's only indebtedness at present is its tuition debt to the Salem schools and other current expenses for maintenance and operation of its buildings.

To Assume Deficit
When the issue becomes effective Salem will be assuming a deficit in township funds of more than \$4,000 but this amount will be turned in to a surplus within less than three months, figures brought out at the meeting by Atty. Joel H. Sharp explained. The surplus which the city will receive through the annexation will exceed \$10,000.

The balance on hand in township funds as on January 1, 1930, was stated by Sharp to be \$4,362.50. An estimated income of \$15,400 will be forthcoming to the township next month but expenses for the remainder of the year will be as follows:

Tuition to city schools, \$19,800; teachers salaries \$3,200; clerk, \$124; (Continued on Page 4)

INVESTIGATE IN COURT'S LAXTY

Claim Convicted Men Not In Prison, Despite Judge's Ruling

Cleveland, Jan. 29.—Investigation was launched here today into the alleged haphazard handling of Ohio supreme and appellate court orders which permit convicts to remain at large after mandates have been issued ordering execution of sentence.

Charges of slipshod methods in the handling of criminal cases followed the disclosure that Rosario Porello, sentenced to one year in the penitentiary for carrying a revolver in his automobile, had remained at large for seven months after a mandate had been issued ordering him to begin his sentence.

Porello voluntarily surrendered himself to authorities last night, declaring his innocence of any knowledge that he should have gone to prison months ago.

A similar instance of alleged careless handling of court orders was revealed recently when it was discovered that Charles O'Neil, murdered "little Hollywood" bootlegger, and two men who were convicted with him for assault, had evaded a 60-day workhouse sentence. The two men, Edward O'Leary, and Hay Donnelly, are being sought. O'Leary is reported to be in Detroit.

Salem Man Named In Divorce Suit

Columbus, O., Jan. 29.—John Rodgers, of Salem, was sued for divorce in the Franklin county court of domestic relations here today by Alice Rodgers, formerly of Salem, and now living in Columbus.

Mrs. Rodgers asks that her maiden name, Alice Voisaw, be restored. She charges gross neglect of duty as grounds for the divorce. Rodgers failed to provide a home for her and compelled her to earn her own living, according to the petition.

They were married November 3, 1924 and have no children.

JOS. A. SCHWARTZ

When Joseph A. Schwartz lived, he was respected throughout the city for his many fine qualities. Today that respect is responsible for scores of expressions of sincere regret and sadness at his passing. For 14 years he was engaged in the mercantile business in Salem, but it did not take all those years for Salem people to appreciate his worth as a business man and a good citizen. In community affairs he ever was active and his leadership quite frequently sought. His judgment was sound, his generosity never lacking, his desire to serve the best interests of the city always in evidence. He built a thriving business and at the same time a lasting monument in the friendships he formed.

SCHOOL BUS ACCIDENTS

The fact that death has claimed 20 persons in motor bus accidents, and at least ten have been injured seriously during the last three weeks in Ohio, is a matter that has prompted the attention of state officials, motor clubs, school authorities and various organizations. Out of all this agitation undoubtedly will come some effort to make such accidents less likely to occur and to throw more adequate safeguards around operation of buses, especially school buses.

A fact finding study has been given this matter by the research department of the Ohio Chamber of Commerce. As a result a tabulation has been compiled, giving a nationwide picture of efforts in various states to minimize accidents in motor traffic.

It is interesting to learn from this research that deaths caused by all motor accidents in Ohio are not in excess of the number of fatalities recorded in a number of other states per motor population. However, it is also found that other states have very materially reduced the motor casualties by enactment and enforcement of remedial measures.

Another fact which is developed is that states which have reduced the death rate from operation of motor vehicles have drivers' license laws upon their statute books, which also provided for adequate means of enforcement.

A third development is that within a comparatively short time after drivers' license laws are put into effect, motor casualties show a decrease of approximately 20 percent.

Many strong Ohio organizations already have endorsed a drivers' license law and when supported by proper examination and when provision is made for some agency which will make possible proper enforcement, such, for instance, as the establishment of a system of state rural police. The need for adoption of remedial measures has long been evident, but the bus crash near Eaton, when two persons were killed and several injured; the high school bus accident near Shreve, when seven men were killed and eleven injured; and the school bus crash at Berea simply jar the public conscience into a realization that action must be taken to safeguard the school children and the public generally from such disasters.

Already a general order has been issued by the secretary of state which will put in force throughout the state within a short time the examination and licensing of every driver of a school bus in Ohio. Each inspector in the employ of the state bureau of motor vehicles is under explicit instructions to drop all other activities and to set up at once the machinery necessary for an investigation of conditions surrounding the operation of school buses in his respective district and for the receipt of applications of drivers for license and for their thorough physical and mental examination after such applications have been filed.

This should produce some results. Likewise the promptness with which motor clubs and school authorities have functioned on the heels of recent fatal bus accidents should serve to make all motorists conscious of their responsibilities in safeguard-

ing the lives of school children. There are many motorists who have just realized that the state law requires them to bring their cars to a stop when approaching a school bus that is taking on or discharging school children. There have been violations of this law every day. A more general observance of it in the future is certain to result.

What Others Say

THIS BUSINESS NATION

The great American public very literally is in partnership with the country's most gigantic enterprises, with all of its important enterprises. This is proved by the ownership of stock by the public, by the increase in the number of stockholders year by year.

The word and name of corporation no longer is taboo. The proletarian soap-box orator who cries out his denunciations of corporations and trusts in this day receives a cold hearing in America, because he assumes to talk to men and women who directly are financially identified with such institutions.

And these institutions are conducted by the servants of the people. They must give specific and frequent accounting of their stewardship. The ethics of business in this day demand a straight-forwardness and honesty unknown to the past. Take any among the great enterprises of the nation, the American Telephone and Telephone company, the great railroads, General Motors, United States Steel Corp. and any number of others, and what do we find? Large numbers of stockholders scattered throughout the country, now more so than at any other time.

The recent flurry in Wall street is not to be considered of importance in this analysis. The number and increase in registered stockholders tells the story of true investment buying. The investor takes the place of the speculator. Money is safe if safely placed; and an extensive stockholder's list is the country's best assurance of continued prosperity.—Cincinnati Enquirer.

Editorial Quips

The light whine and jeer campaign has started up again.—Dallas News.

Though one may travel to cure his ill-health, it is generally to forget it—which almost amounts to the same thing.—St. Louis Globe-Democrat.

Motor fatalities for 1929 jumped five per cent above 1928. But, on second thought, we can't make a joke about that.—Cincinnati Enquirer.

We are heartily in favor of this congressional deficiency bill if it will supply the congressmen's moral and intellectual deficiencies.—Boston Transcript.

Enemies of young La Follette stop at nothing. They even go so far as an attempt to represent him to the country as an infant prodigy.—Washington Star.

Congressmen who cheer references to law enforcement would have more occasions for cheering if they gave the country less law to enforce.—Detroit Free Press.

An English clergyman predicts a world war between the sexes. Here is something that should be arbitrated before actual hostilities.—Minneapolis Journal.

Henry Ford has bought an ancient popgun wagon. Henry is evidently setting the stage all set for a few nice comfortable evenings before a winter fire.—Philadelphia Inquirer.

"This merger thing has become a national problem," remarked a local economist last night, as he picked up the wrong fork to tackle a pear, pineapple, cheese and walnut salad.—Detroit News.

The Stars Say

For Thursday, January 29.

Although affairs may move along at the usual pace on this day, judging by the lunar aspect to Mercury, yet on the whole there are no auguries of important events in business relations. The emphasis is on the purely personal affiliations which may develop somewhat of the regular, sensational or entirely unforeseen. But these carry the element of gratification or change, which should prove to be desirable as well as fortuitous, despite certain small anxieties or delays. Those whose birthday it is are on the eve of a desirable and beneficial change, probably in their personal relations or environments. These may have some angles of the unconventional and might possibly lead to public recognition or rumor. It is a fair time for writings and general business activity. A child born on this day should be lively, versatile and possibly ingenious in a degree that might bring it into the public eye. Its leaning may be toward conspicuous artistic or literary recognition.

Twenty Years Ago

(Home of Jan. 29, 1916.)

What is believed to be a promising oil field has been discovered on the M. B. Atkinson farm, between Damascus and Garfield.

American and is sought by the destitute city of Paris, where floods are raging. Mayor Carlele may ask Salem people to contribute. Other cities have already raised large sums for this purpose.

Lisbon—Dr. J. O. Morrow, for 25 years one of the leading and best known physicians of Lisbon, has announced his retirement from the practice of medicine to the public. Peter Darwin Wallover, 86, the oldest refiner in the United

States, and one of the pioneer oil producers of America, is dead at Smith's Ferry, Pa.

C. F. Lease went to Lisbon Saturday to attend a meeting of the Columbiana county fair board. Walter Clark, of Mt. Union college, is spending the week end with his parents, Mr. and Mrs. W. J. Clark, Franklin ave.

Paul Yates, who lives south of town, has returned from Annadel, Tenn., where he spent the winter with his uncle, J. R. Test.

William Turner, Ohio ave., who is confined to his home with grip, was some improved Saturday.

Lisbon—The Columbiana County Fair board met today to revise its premium list offered for 1916. The list will contain many new features.

Twelve members of the Penn club enjoyed a sledding party Friday evening to the home of Dr. A. L. Cope, at Winona.

Miss Esther Bonnell, of McKinley ave., will entertain a party of friends Saturday evening at her home, McKinley ave.

T. E. Robinson, South Lundy st., who had his foot crushed in an accident Thursday evening at the Buckeye Engine company plant, is reported to be getting along well.

HEALTH

By Dr. Royal S. Copeland

ARE YOU TOO THIN?

In the present-day fashion of trying to keep thin, it is perhaps begging the question to say "Are you too thin?" But I believe there are many today who are too thin.

Fashions of dress today, for both men and women, dictate whether to be thin or not to be thin. In consequence, many are writing for advice.

One person may take all the food he wants and does not put on weight, while another may go hungry, just to be thin. Why is this?

There are other factors than food that govern the weight. The amount of exercise, the activity of the ductless glands—these mysterious glands that have so much to do with the health of the body—the quantity of oxygen in the blood—all these have to do with one's weight.

A quiet and placid person is far more likely to take on flesh than an active person. Many thin persons are nervous, their feet and hands are never still, they fidget and fuss. They are perfect examples of perpetual motion.

Fat-producing foods are also energy-producing foods. By taking starchy foods, sugar to excess, and fat foods, we add to the body fat. The extra fat not needed for body requirements is added as fat to the body.

The more energy you waste, in activity of any sort, even fidgeting and fidgeting, the more the surplus of your body fat is reduced. This may produce a deficit of fat in the body. That is what happens to the over thin person.

Most thin people do not breathe deeply. You cannot be well-nourished unless you have an abundance of oxygen in your lungs. Try deep breathing and a habit of always breathing deeply if you want to be healthy and normal in weight.

If there is anything the matter with your ductless glands your physician will know. These glands are being understood better and better as time goes on, and the medical profession now realizes their great importance to the well-being of man.

One must have the proper quantity of well-chosen food in order to maintain good health. Cream, butter, nuts, starchy foods and other fat-producing dishes will add to your chance of becoming plumper but you will have to find out just what foods are best for your digestion.

An abundance of sleep and plenty of rest, even though you are not sleeping, will help to restore the flesh. To be quiet in bed in a well-ventilated room will help a lot.

Without oxygen, the food will not feed the body any more than fuel will burn and heat the home without plenty of air under the fire-box. The matter of breathing is more important in the taking on of flesh than is the matter of food.

Answers to Health Queries

H. A. Q.—What do you advise for making hair grow?

A.—I could suggest shampooing once a week with a good pure soap and warm water and the use of a stimulating tonic. For particulars send a self-addressed stamped envelope and repeat your question.

MRS. P. Q.—What causes dark circles beneath the eyes?

A.—Lack of sleep, dissipation, indigestion or constipation may be causing these dark circles.

I. R. S. Q.—What can be done for gas in the system?

A.—Correct the diet and keep the intestinal tract clear. For full particulars send a self-addressed stamped envelope and repeat your question.

L. M. S. Q.—What should boys of eight and ten years respectively weigh?

A.—They should weigh about 35 and 61 pounds, respectively.

A. R. Q.—How can I fill out hollows in the neck and face?

A.—You should try to gain weight in general. Eat plenty of good nourishing food, including milk, eggs, fresh fruits and vegetables. Practice deep breathing. Drink water between meals.

L. W. E. Q.—What causes nausea after eating and an excessive flow of saliva?

A.—This is usually due to some gastro-intestinal disturbance.

Lydia E. Pinkham's Vegetable Compound

Lydia E. Pinkham Med. Co., Lynn, Mass.

NOT HANDCUFFED

I. A. W. Q.—I have been getting thin for the past three months. Is eating raw fruit the cause?

A.—No. It would be wise to have a careful examination.

MISS D. C. Q.—What should a girl aged 15, 5 ft. 6 inches tall, weigh?

2. Is—good to take to get thin?

1A.—She should weigh about 124 pounds.

2.—Not advisable.

L. O. H. Q.—What should a girl aged 19, 5 ft. 3 inches tall, weigh also a girl aged 17, 5 ft. 6 inches tall?

A.—They should weigh respectively 126 and 124 pounds.

OUR READERS

PRESENT FIGURES

Editor News:

Here are a few figures I thought might be of interest to some who have used this column recently.

Six times as many people died of alcoholism in 1929 as in 1920, the first year of national prohibition.

The rising tide of alcoholic deaths swept off 641 policy holders of one insurance company. Of these 628 were residents of the United States and 11 were Canadians. Since national prohibition, this insurance company reports 4,087 alcoholic deaths in the United States and 48 in Canada.

The 1929 death rate increased over that of 1928 in the United States.

These are the figures of the Metropolitan Life Insurance company. The contrast between the United States and Canada is outstanding.

Of course you must take into consideration the population of the United States is far larger than that of Canada, but even at that the ratio does not offset the vast difference.

I call, at this writing, recall but

"I Feel Like a New Person"

"I took Lydia E. Pinkham's Vegetable Compound when I was tired, nervous and run-down. I saw the advertisement and decided to try it because I was hardly able to do my housework. It has helped me in every way. My nerves are better, I have a good appetite. I sleep well and I do not tire so easily. I recommend the Vegetable Compound to other women for it gives me so much strength and makes me feel like a new person."—Mrs. Lena Young, R. 1, Ellsworth, Maine.

DOCTORS UNABLE TO CURE UNIQUE INSOMNIA CASE

Hungarian Has Not Slept For 15 Years; Efforts At Cure Fruitless

Budapest, Jan. 28.—After a fruitless trip to Berlin in an effort to obtain a cure for the most baffling case of chronic insomnia ever presented to medical science, Captain Korn, former Hungarian army officer, was back in Budapest today. Korn has not slept for 15 years. He is compelled to spend his nights in cabarets and restaurants to pass away the hours other persons spend in sleep.

Korn was struck on the temple by a Russian bullet in 1915 when serving with the Hungarian forces on the eastern front. He fell unconscious and was removed to a hospital where he regained his senses some days later. Since then he has never slept a moment, nor has he had the desire for sleep.

He is now employed by a state insurance office and is considered a highly efficient worker. But when his fellow-employees go to bed, he takes himself to a night-club, remaining there until 7 a. m., when he returns home to bathe and change his clothes. A single night without sleep makes him feel uneasy and nervous.

Hungarian authorities on nervous diseases have been watching the case for years, but are unable to give a satisfactory explanation. It is believed the bullet caused an irritation of that part of the brain which contains the "sleeping center," but x-rays have failed to reveal any abnormality.

Korn is a teetotaler. He often suffers from headache, especially after strenuous mental work, but he never feels tired. His greatest complaint is that he cannot find employment to keep him busy night as well as day, as his present salary barely covers the expenses of his enforced night life.

POLICE CHECK DEATH OF MAN

Father Of Woman Convicted Of Slaying Children Dies Very Suddenly

Camden, N. J., Jan. 29.—George M. Parks, 60-year-old father of Gladys May Parks, who was recently convicted for the murder of two Westbury, N. J., children, died here during the night. The exact cause of his death has not been determined.

He was grilled for hours by police as they attempted to find what he knew of his daughter's treatment of the two little children. He attempted to shield his accused daughter and when placed on the witness stand during her trial he became confused and spewed with the prosecutor in an attempt to give as favorable testimony as possible for his daughter. He failed, however, and she was sentenced to 25 years imprisonment in the New Jersey women's prison.

Police suspect the aged man's death was self-inflicted due to dependency over his daughter's conviction.

Dreiser To Honor Brother's Memory

Terre Haute, Jan. 29.—Purchase of the little four-room brick house here, the boyhood home of Paul Dreiser, author of Indiana's state song, "On the Banks of the Wabash," as a memorial to him, was proposed by Theodore Dreiser, author and brother of the song writer.

Dreiser says the home memorial project can be carried out at a cost of only \$3,000 to \$4,000. He said the song writer's piano, copies of songs, pictures and other articles could be placed in the house, which he said could be bought for \$2,500.

HIGH SCHOOL

Continued From Page 1.

Orelchlager is in charge of the cases. The report of the state follows:

"Salem High school is placed on the 1936 approved list as meeting with state standards. It offers creditable work in health and physical education. Students graduating from these schools should have credit of health and physical education accepted as part of the 16 units required for college entrance."

"Schools not appearing on this list are failing to meet the standards in one or more respects. A revised list will be made up each year and superintendents will be requested annually to indicate those schools within their jurisdiction which meet the state standards for college entrance credit."

The approved list of schools follows:

Ashtabula High, Ashtabula Harbor, Bedford, Bellevue, Bowling Green junior and senior high schools, Bucyrus, Celina, East Columbus, St. Mary's, Euclid, Central, Euclid senior, Findlay junior high schools, Fostoria, Grandview Heights, Greenfield, McClain, Greenville, Hamilton, Lakewood, Lebanon, Martins Ferry, Mansfield, Newark, New Lexington, Oakwood, Osborn, Salem, Shaker Heights, Wells, High, Struthers, Toledo Woodward, Uhrichville Central, Urbana, Van Wert, Wapakoneta, Wellston, Wilmington, Wooster, Wyoming, Zanesville.

Cooper To Speak

Cleveland, Jan. 29.—Governor Myers V. Cooper and Senator Rescoe McCallach will be guests today at a McKinley day banquet which was arranged here by the Tippecanoe club.

Vienna Pianist Washes Dishes By Day, Entertains At Night

By RALPH G. PLATT
International News Service Staff Correspondent

Cleveland, Jan. 29.—Speaking of leading double lives, Walter Buxham, 22, famous Viennese concert pianist, has been doing just that since his inception into American society and labor a few weeks ago.

Washing dishes by day in the kitchens of a downtown hotel here, and entertaining millionaire friends in their palatial homes in the evening has been the program of the youthful improviser.

Young Buxham, who is the son of Frederick Buxham, one of the most gifted cellists in Europe, came to Cleveland to learn the hotel business as a sideline to his musical genius. Upon his arrival here he presented letters of credit from his

FEDERAL BOARD'S WORK DISCUSSED

Speaker At College Of Agriculture Meeting Talks On Matter

Lexington, Ky., Jan. 29.—The federal farm board and its work is probably the most "cussed" and discussed subject now before the public. James C. Stone, vice chairman of the board, declared today at the Farmers' week meeting at the college of agriculture. He believed, however, that it is more "discussed" than "cussed" but "just how long this will be the case remains to be seen," he said.

He called attention to the fact in the enactment of the agricultural marketing act it was the first time in the history of this or any other country that a national body had been established for any one particular group.

"By analyzing the declared policies of the board you will immediately see that other lines of business in our country have accomplished these same results by their own effort," Stone said. "At the same time, due to the 6,000,000 farms scattered all over the country, it is a much harder thing for the farmer to accomplish this through his own efforts than it was for a smaller number of corporations handling a particular commodity to do through coordinated action."

Barcelona Students Injured In Rioting

London, Jan. 29.—Several persons were injured in student rioting at Barcelona, Spain, today, according to dispatches received by the Evening News.

The police were forced to fire over the heads of the students in order to restore order, according to the dispatches.

The rioting students carried banners denouncing the former Dictator Primo De Rivera and demanding widespread political reforms with the advent of the new government of General Berenguer.

POWERS PREPARE FOR 'SHOWDOWN'

Second Plenary Meeting Of Conference Will Be Held Thursday

London, Jan. 29.—The London naval arms conference was in a state of suspended animation today while the chiefs of the five powers labored intensely in preparation for tomorrow's "showdown."

The second plenary session of the conference tomorrow—forced by pressure from the American delegation—will compel at least partial showing of the cards which up until now have been held extremely close to the chest.

Ten days of conversations behind closed doors have failed to produce an acceptable agenda thanks to the Franco-Italian and Franco-British differences.

It was on the theory that this state of affairs might continue until Christmas that the American delegates forced the situation into the open.

Whatever else the plenary session will reveal, it certainly will show that lack of progress made in the negotiations was not due to the American attitude and will thus permit the placing of responsibility for the tardy deliberations where it belongs.

Two Premier Tardieu of France will have to deny Italian Party before the world—it is to be denied—and defend the theory of global security with elastic categories against the British proposals for limitation strictly by categories.

Experts Rushed To Rescue Of Diver

Quebec, Jan. 29.—Airplanes are rushing expert divers and engineers, and experts are working frantically on a submerged crib in an almost hopeless effort to save the life of Peter Traus, diver for the Ontario Paper company who has been trapped under 20 feet of water at the bottom of the Riviere Des Outardes dam for more than 36 hours.

Traus got his divers' apparatus caught on a spike when he stepped off the ladder into the water Monday night. He was alive last night, a company diver who went down under water to him and vainly tried to extricate him, reported. The pipe through which oxygen is conveyed are intact and a crew is standing by continuously at the pump.

Filipino Club Is Bombed; None Hurt

Stockton, Cal., Jan. 29.—A Filipino club home was bombed here early today, marking another development in the anti-Filipino riots which have occurred in various parts of California during the past week.

Although dozens of Filipinos were sleeping in the house when the explosion rocked the building, none of the occupants was seriously injured.

The facade of the building was blown across the street by the blast. Police believe a set of dynamite had been placed beneath the porch.

Widow of "Commoner" Dies in Hollywood

Mrs. Mary Baird Bryan, widow of the "Commoner," is dead at the home of a daughter, Mrs. Grace Bryan Haygrove, at Hollywood, Cal. Death was caused by a heart attack, complicated by arthritis. She had suffered from the latter ailment and had been confined to a wheel chair for much of the time.

LOSS OF HEALTH RATINGS LOOMS

Illegal Traffic In Milk Revealed In Lorain County Quiz

Evria, O., Jan. 29.—Approximately 2,400 Lorain county farmers, owning 24,000 head of cattle, were in danger of losing their accredited health ratings for their cattle, and of having their milk market in Cleveland shut off today following revelations that "bootlegging" of untested and tubercular infected cattle has gained great headway in that county.

The bootlegging activities of the "rins" are believed to consist of smuggling untested cows into Lorain county and then, through the use of the name of an accredited herder, the same cattle are sold as tested and accredited.

Prosecutor Don W. Myers, after investigating the "bootlegging" activities, asked that evidence be submitted to him in order that he may prepare prosecution. From information thus far received, it is alleged that certain state employees are connected with the illegal dealings.

Famous Monuments Subject Of Debate

Cairo, Jan. 29.—Unintelligent restoration of some of Cairo's most famous monuments has raised a serious controversy here.

The most interesting and important mosque, the Mosque of Ibn Tulun, is in the throes of extensive alterations and it is this which has started the present raging battle between archaeologists and the Committee of Conservation of Arabic Monuments.

Singer Dies

Budweis, Czechoslovakia, Jan. 29.—Emmy Destian, world famed grand opera soprano, died here today at the age of 51.

A LITTLE COMPARISON IS GOOD FOR THE SOUL!

And the sole purpose of us asking you to compare is to prove to you that we deserve your business this month as we have never deserved it before.

From the standpoint of wealth and warmth—woolens and weaves—and from what you want to pay—there is not one other store in Salem that is delivering more music and less vamping than this very store this month!

New Chrysler "77" Royal Sedan, \$1725 (Special Equipment Extra)

PERFORMANCE that belongs to Chrysler ALONE!

AFTER all is said and done, performance is the true index of a motor car—a car's one way of proving how good it is in basic engineering. And today, by all tests, all standards and all comparisons, the new Multi-Range Chryslers, with four-speed transmission and gear shift, are first among all motor cars in performance ability under all conditions.

This is not a mere claim, but a fact, not something you have to take on anybody's say-so, but something you can easily verify. Demonstration and comparison furnish the proof. One ride in a new Multi-Range Chrysler will prove why ownership of a Chrysler inspires a pride all its own.

TRAVELERS CLUB

Rev. S. A. Mayer, pastor of the Methodist church, took members of the Travelers club on a "visit" to England in a talk at an enjoyable meeting of the club Tuesday afternoon at the home of Mrs. William Silver, Franklin st.

Miss Margaret Stewart, of Columbus, entertained with a group of vocal solos. She was accompanied by Mrs. James Hayden.

A humorous one act play, "For the Love of Pete" was well received. Included in the cast were: Mrs. Doris Chandler, Mrs. Zora Trotter, Mrs. Howard Chamberlain, Mrs. A. C. Long, Mrs. E. S. Vincent, Mrs. O. C. Hoover, Mrs. Burt Leeper, Miss Jean O'Brien, Mrs. John T. Burke, Mrs. Harold Babb, Mrs. Donald Carey, Mrs. C. E. Phillips.

Mrs. Joel Sharp was chairman of the committee, which arranged the special program. Others on the committee are: Mrs. Frances Ellis, Mrs. W. E. Bunn, Miss Judith Brooks, Mrs. J. R. Burtard, Mrs. George Campbell, Mrs. Frank Harris, Mrs. L. W. King, Mrs. William Silver, Mrs. Herbert Walton, Mrs. Lucy Williams and Mrs. George W. Bunn. Refreshments were served.

A musical program is scheduled for the next meeting on Feb. 4.

MISS FERNENGEL TO WED

Announcement of the engagement of Miss Esie Fernengel and Howard Smith, Salem young people, was made at a prettily appointed party given by Miss Helen and Pauline Fernengel, of South Broadway avenue, at McKinley Inn, McKinley ave.

A decorative motif of green and yellow predominated. The place cards and tallies combined was the design of a girl, and on the inside of the cards the names of the prospective bride and groom were written. Places were arranged for 40 guests.

Bridge was introduced with four tables in play. Prizes were won by Freda Smith and Miss Verda Huey. Out of town guests included: Mrs. John Carey, Niles; Mrs. Wallace Bowman, Cuyahoga Falls; Freda Smith, Cleveland; Miss Helen Stewart, Youngstown; Misses Catherine Dunbar and Verda Huey, Columbus.

CARA NOME CLUB

Miss Mary Alice Bartram, of Franklin st., entertained associates of the Cara Nome club at dinner Tuesday evening at Quaker Tea House, East State st.

After the meal the hostess took her guests to the home of her sister, Mrs. Russell Myers, Negadon st.

Five hundred entertained, Mrs. Arthur Hensley, Miss Helen Kaley and Miss Ann McLaughlin won prizes.

ORGANIZE CLASS

Former members of Mrs. Kennedy's Sunday school class of the Presbyterian church met Tuesday evening at the home of Miss Gretchen Yingling, Tenth st., to organize a Sunday school class.

Twelve members were enrolled. Mrs. Margaret Lautenbach was elected teacher and Miss Gretchen Yingling was chosen assistant teacher. Miss Mae Bureau was elected president of the class. Miss Hilde Talbot is secretary-treasurer. Refreshments were served at the social period.

FAREWELL PARTY

Sarah Holroyd and Jeanette Flick entertained twelve girl friends at a farewell party Tuesday for Janice Weaver, who will leave next week with her parents to make her home in Detroit. The party was held from 4 until 7 p. m. at the Flick home on West Tenth st.

Games and radio music entertained and refreshments were served. The favors were valentines.

RUTH CIRCLE

A meeting of the Ruth circle of the First Friends church will be held Friday evening at the home of Mrs. Lorin Herbert, West Eighth st., instead of Thursday evening as had been announced.

Mr. and Mrs. S. J. Broccoli, of South Lincoln ave., have returned from a motor trip to points of interest in Florida.

Mrs. Margaret Arney, of Cincinnati, is spending the week at the home of her brother, Fred Bice, and family, Ohio ave.

Mrs. Harry Kesselmeier, North Lincoln ave., has returned from Cleveland Clinic hospital, and is reported to be improved.

Mrs. John Dunt, North Lincoln ave., spent Wednesday in Cleveland.

Sore Throat? Don't Gargle!

This Doctor's Prescription Gives Quicker, Better Relief

Don't suffer the pain and discomfort of sore throat. Use a doctor's prescription called Thoxine guaranteed to relieve with the very first swallow. Gargles and salts are too slow and if they do relieve it is usually only temporary.

Thoxine has a double action—it relieves the soreness and goes direct to the internal cause. It contains no harmful drugs and is safe and pleasant for the whole family. There is nothing better to stop coughing due to irritated throat. Just ask for Thoxine, put up ready for use in 35c, 60c, and \$1.00 bottles. Money back is not refused. Sold by The J. H. Lease Drug Co., Floding's drug store and Bolger & French's and all other good drug stores.

YOUNG-BLACKBURN

Miss Lorena Young, daughter of Mr. and Mrs. William Young, of Springfield, Ia., and William J. Blackburn, son of Dr. and Mrs. W. J. Blackburn, Salem-Windom rd., were united in marriage at 3 p. m. last Saturday, at Springfield, Ia.

The bride is a graduate of the Friends Boarding schools at Barnesville, O., and Westtown, Pa. Mr. Blackburn graduated from Barnesville Boarding school and Ohio State university.

Mr. and Mrs. Blackburn are teaching at Farm school, at Glenview, Ill.

PRESBYTERIAN SOCIETY

Mrs. Harold Babb, Mrs. David Martindale, Mrs. Charles Tetterton, and Mrs. H. J. Percival will be business women members of Division one of the Presbyterian church next Thursday at the church for a covered dish luncheon. Ice cream and coffee will be served by the hostesses.

STYLE EDICTS

Paris, Jan. 29.—Nighties are not what they used to be. Newest night robes follow the fashions of formal evening ones, trailing at the back and sides, not quite the length of Princess Marie-Joe's four-yard wedding night gown, but in full competition with it. Many have the fashionable princess silhouette, are trimmed with frivolous lace and ruffles and are altogether ladylike.

Some of the newest nighties have gone back to the Empire silhouette and have little Empire puff sleeves. One comes in palest yellow satin with fluffy lace puffs and ribbon falling in loops to the hem.

Something extremely new in night ensembles is the combination nightie and pyjamas. There is a very very brief nightgown of thin white tulle with a double ruffle collar and jabot of the same. There are also black satin trousers with wide legs and fitted top attached by crossed cutout bands. These, of course, are only slipped on in the morning. The nightie is very chic, but also very very short. Parisiennes seem to like this kind best.

Just the opposite is a charming nightie of white gorgette with a deep V-shaped yoke in front and a square yoke in back of black Chantilly lace. It is very long and falls in a square train at the back. The front is gently rounded and trimmed by a curved motif of black Chantilly lace.

WISCONSIN BOG ORIGIN OF COAL

Close Study Started By Mine Bureau In Area For New Sources

Washington, Jan. 29.—Back across of time to the last Ice Age, government scientists are going to uncover fresh knowledge of the origin of coal.

Reinhardt Thompson, of the Bureau of Mines, laid today that to learn more about coal, experts have started a close study of the Hawk Island Swamp in Manitowish, Wis. This area is a typical wooded bog formed by uneven deposits after the retreat of the last Ice Age.

"It is hoped to discover more definitely what plant substances contributed to coal and what are now their chemical and physical natures," Thompson and R. C. Johnson, also of the Bureau said.

"A work of this kind includes the study and consideration of every compound and product of all plants. The chemistry of plant substances is well known. Only one chief important constituent, lignin, defies solution. This is the most important contributor to peat and coal."

It was explained that the research involves the chemistry of decay, the action of fungi, bacteria, actinomycetes, burrowing insects and other lower organisms. During the last ten years much has been learned of the chemistry of decay although there is yet much research to be done in this branch of the science.

"It has been satisfactorily proved that bacteria exist in peat and are functioning to all depths of the deposit," Thompson said.

"A large number of inoculations have been made from the top to the bottom of several peat deposits, and it is rare that cultures are not obtained."

"These cultures are being propagated on wood in the form of sawdust and shavings, on cellulose, and on other plant materials contained in flasks and bottles with proper mineral culture solutions; they were still in activity after seven to nine months. Available nitrogen is essential for their activities."

Bourdelle Tomb In Ancient Cemetery

Paris, Jan. 29.—The last windmill standing in Paris may shelter the remains of Antoine Bourdelle famous French sculptor.

Sherms of its sails and clad with a thick growth of ivy this windmill has been a cafe and a florist shop. Since it was built more than three centuries ago the cemetery of Montparnasse has been built around it.

At the request of the sculptor's widow a committee is considering the possibility of making it a tomb for Bourdelle.

SCHOOL AREA

(Continued From Page 1)

Januarys \$290; sundry expenses \$750. Expenses total \$24,074 through June while funds which will be available to the township total only \$19,762.90, leaving a deficit when the extension becomes effective, of \$4,311.50, which the city together with the township will assume.

The township is scheduled to receive from the county a total sum of \$15,400 in either August or September and from this amount, the outstanding indebtedness will be paid, leaving a surplus of \$11,088.50, the amount which the city benefits financially by the extension.

B. N. Van Blaricom, president of the township school board, and Alvin L. P. Menger, with CHS Schellier Cecil K. Scott represented the city in its position for extension of its corporation limits with county commissioners, were present at the meeting and requested immediate action.

May Affect Extension Mettger explained that the board's action on the school proposition was understood to be a terminating factor in the county commission action on the corporation limit project, and that steps should be taken immediately on the former in order to rush the latter project through.

He explained that he will appear before commissioners today and inform them of the board's action on the extension of the township district, and ask them to take immediate action on the extension of the city's boundaries. Immediate action, he said, is desired on this matter in that if the commissioners approve the petition for the extension today it will not be effective until 60 days, but will still come into effect by April 1.

Van Blaricom explained that it had been the desire for township residents to be able to take advantage of education as provided in Salem schools for years, and that it was a matter of utmost importance to children of school age in the township area to be granted these privileges.

The necessity of building a new school to provide for the additional children was brought up for discussion but Mettger explained that such a building will be needed in the city within the next three years regardless of whether the township district is added.

Clyde H. Reich made the motion to approve the petition for the extension, Sharp seconding the motion. It was favored by unanimous vote. One member, F. P. Mullins, was not present but according to members of the board who were in attendance, he was in favor of the issue.

Tularemia Fatal

Cincinnati, Jan. 29.—Tularemia, or "rabbit fever," which was contracted several weeks ago when he cut his hand while cleaning some rabbits, today had caused the death of Leo P. Baasong, 32, local butcher.

HOME-MAKING HELPS

By Wanda Barton

A smoking stand may be a thing of beauty, even when thoroughly or carelessly used. In fact, it can be chosen with an eye to careless handling. Most smokers develop a careless indifference to where they wait their ashes. And it's easier to choose a stand that takes care of such peculiarities than to reform the smoker.

If individual ashtrays are selected, they must needs be the kind that stick to the table or chair on which placed. There are several varieties which come on leather straps, which cling to fabric on chairs or pillows, etc., so that they never topple off unexpectedly. Or on metal clasps which can be clamped to wooden surfaces. The lovely smooth ashtrays of metal or stone, which unobtrusively slide off spilling their contents on rugs or polished floors are the terror of fussy housekeepers.

For which reason an ashtray that stands on its own legs has a lot to recommend it. The heavy metal stand, with a weighted spherical base is the most practical. It cannot topple over because it is scientifically balanced to prevent just that. No matter how carelessly handled or pushed, it always regains its upright position by itself. Furthermore, ashes don't remain exposed on the top tray, but at a slight pressure, are dropped down on inner tube to a concealed jar at the bottom. This jar is of goodly size so that it needs only occasional cleaning. For the man's room, this type of stand is excellent—it is sturdy, practical, cleanly.

Better looking, and more suitable for the living room are the metal and the ashtrays. They come in many shapes and sizes—round, square, with large and small bowls. The stand is wrought iron, and on top is a tile table, with a few tile insets to contain ashtrays. These can be lifted out and emptied as often as necessary, and the handsome pattern of the tiles somewhat camouflages the ashes as they accumulate.

Prominent Resident Curbs Rheumatism Misery

Owa-Ton-Na Brings Welcome Relief to Greenfield Ave., (Canton) Resident

Mr. George A. Slutz, 1508 Greenfield Ave., S. W. Canton, Ohio, says: "Remarkable results which my wife had with this fine old Indian Remedy, Owa-Ton-Na is what made me decide to try it."

"Gradually I could notice rheumatism pains in different parts of my body and they finally settled in my arms. Pain set so bad sometimes it was hard for me to raise my arms. I also had considerable trouble with skin eruptions. Owa-Ton-Na gave me equally as good results as it did my wife. It wasn't long before my stomach started to act fine. I can eat anything now without trouble and that acid condition has been corrected. I have much less trouble with skin eruptions than I did, my bowels act regularly and what a relief it is to get rid of that terrible pain in my arms. Sometimes they just felt numb but now I can go about my work as well as ever. I gladly recommend Owa-Ton-Na to sufferers, for I know that it is a wonderful remedy as it has given us results where so many other things had failed."

Case like this of Mr. Slutz are not unusual when Owa-Ton-Na is given an opportunity to prove its benefits. But it is logical to believe that when it has helped so many

other it would surely help you? All Owa-Ton-Na asks is a trial and it is certainly worth that to anyone who suffers. Owa-Ton-Na is sold in Salem in Floding's, Bolger & French's and J. H. Lease Drug Stores—Adv.

DAMASCUS

Rev. John Pennington brought the message at the Friends church Sunday morning from the 57th Psalm, using for his subject "The Church—Her Past and Power." Mrs. Margaret Chamberlain and Miss Anna Talbot sang a duet. In the evening, Rev. H. C. Phillips used for his subject "The Christian's Choice."

The church service at the M. E. church was in the evening. Rev. G. F. Huber, used for his subject "Spiritual Independence." Supt. B. F. Stanton of Akron gave a talk at the Young People's meeting on the subject, "Forming Habits." Allen West played a duet with the Christian Endeavor meeting was led by the prayer meeting committee.

The subject was "What Is Our Church Planning This Year?" Union revival services will begin Sunday evening at the Methodist church with Rev. Robert Pelt of Amsterdam, in charge. C. L. Coe and will lead the singing.

The senior class of the high school enjoyed skating and a ride riding Friday evening at Akron, where they were entertained in an extra supper at the home of Miss Helen Bricker. Games and a social time were enjoyed. Prof. C. O. Long and Miss Patton accompanied them. About 25 were present.

Junior class of high school enjoyed skating and a ride riding at Severance lake, Friday evening, after which they were entertained at the home of Jane Thompson. Games and a nice lunch was served. Miss Spahn led the singing. About 20 were present.

Several from here attended the funeral of Elsie Steer at Winona, Monday.

Miss Helen Hinchcliff and Mrs. Gus Prichard of Alliance, called on Mr. and Mrs. C. E. Hobson, Sunday. Miss Elizabeth Steer attended the Public Health Nurses Conference in Cleveland, Wednesday.

Word has been received that Mr. and Mrs. R. M. Reynolds and Mrs. William Harber and children arrived at Miami, Fla., last Wednesday.

Mrs. Mary Whinery is on the sick list.

Prof. C. G. Long and Supt. H. H. Druhot attended a superintendents' and principals' meeting at Youngstown, Thursday night.

Mr. Martha Deeweese and Raymond Edgerton, of Akron, were married Saturday by Quaker ceremony at the Damascus Wilbur Friends church. Miss Deeweese is a daughter of Mr. and Mrs. Charles Deeweese, and Mr. Edgerton is the son of Mr. and Mrs. Horace Edgerton, of Ravenna, O.

They were attended by M. J. Bertha Bundy of Harrisville and Lindsey Cox of Akron. They will be at home at 219 Crosby st., Akron.

For 20 years, men and women suffering from Deane's trouble, piles, hemorrhoids and headaches have taken Dr. Edwards Olive Tablets, a successful substitute for calomel, a compound of vegetable ingredients, known by their olive color. They act easily upon the bowels without griping. They help cleanse the system and tone up the liver.

If you value youth and its many gifts, take Dr. Edwards Olive Tablets nightly. How much better you will feel—and look! 1-2-3-4-5-6-7-8-9-10-11-12-13-14-15-16-17-18-19-20-21-22-23-24-25-26-27-28-29-30-31-32-33-34-35-36-37-38-39-40-41-42-43-44-45-46-47-48-49-50-51-52-53-54-55-56-57-58-59-60-61-62-63-64-65-66-67-68-69-70-71-72-73-74-75-76-77-78-79-80-81-82-83-84-85-86-87-88-89-90-91-92-93-94-95-96-97-98-99-100-101-102-103-104-105-106-107-108-109-110-111-112-113-114-115-116-117-118-119-120-121-122-123-124-125-126-127-128-129-130-131-132-133-134-135-136-137-138-139-140-141-142-143-144-145-146-147-148-149-150-151-152-153-154-155-156-157-158-159-160-161-162-163-164-165-166-167-168-169-170-171-172-173-174-175-176-177-178-179-180-181-182-183-184-185-186-187-188-189-190-191-192-193-194-195-196-197-198-199-200-201-202-203-204-205-206-207-208-209-210-211-212-213-214-215-216-217-218-219-220-221-222-223-224-225-226-227-228-229-230-231-232-233-234-235-236-237-238-239-240-241-242-243-244-245-246-247-248-249-250-251-252-253-254-255-256-257-258-259-260-261-262-263-264-265-266-267-268-269-270-271-272-273-274-275-276-277-278-279-280-281-282-283-284-285-286-287-288-289-290-291-292-293-294-295-296-297-298-299-300-301-302-303-304-305-306-307-308-309-310-311-312-313-314-315-316-317-318-319-320-321-322-323-324-325-326-327-328-329-330-331-332-333-334-335-336-337-338-339-340-341-342-343-344-345-346-347-348-349-350-351-352-353-354-355-356-357-358-359-360-361-362-363-364-365-366-367-368-369-370-371-372-373-374-375-376-377-378-379-380-381-382-383-384-385-386-387-388-389-390-391-392-393-394-395-396-397-398-399-400-401-402-403-404-405-406-407-408-409-410-411-412-413-414-415-416-417-418-419-420-421-422-423-424-425-426-427-428-429-430-431-432-433-434-435-436-437-438-439-440-441-442-443-444-445-446-447-448-449-450-451-452-453-454-455-456-457-458-459-460-461-462-463-464-465-466-467-468-469-470-471-472-473-474-475-476-477-478-479-480-481-482-483-484-485-486-487-488-489-490-491-492-493-494-495-496-497-498-499-500-501-502-503-504-505-506-507-508-509-510-511-512-513-514-515-516-517-518-519-520-521-522-523-524-525-526-527-528-529-530-531-532-533-534-535-536-537-538-539-540-541-542-543-544-545-546-547-548-549-550-551-552-553-554-555-556-557-558-559-560-561-562-563-564-565-566-567-568-569-570-571-572-573-574-575-576-577-578-579-580-581-582-583-584-585-586-587-588-589-590-591-592-593-594-595-596-597-598-599-600-601-602-603-604-605-606-607-608-609-610-611-612-613-614-615-616-617-618-619-620-621-622-623-624-625-626-627-628-629-630-631-632-633-634-635-636-637-638-639-640-641-642-643-644-645-646-647-648-649-650-651-652-653-654-655-656-657-658-659-660-661-662-663-664-665-666-667-668-669-670-671-672-673-674-675-676-677-678-679-680-681-682-683-684-685-686-687-688-689-690-691-692-693-694-695-696-697-698-699-700-701-702-703-704-705-706-707-708-709-710-711-712-713-714-715-716-717-718-719-720-721-722-723-724-725-726-727-728-729-730-731-732-733-734-735-736-737-738-739-740-741-742-743-744-745-746-747-748-749-750-751-752-753-754-755-756-757-758-759-760-761-762-763-764-765-766-767-768-769-

RADIO

NEWS AND PROGRAMS

PALMOLIVE HOUR

Olive Palmer, soprano; Elizabeth Lennox, contralto; Paul Oliver, tenor and the Hevelers' quartet, among the best in the world, will be on the air during the Palmolive hour at 8:30 tonight. WTAM is included in the network. The new Gold Medal Fast Freight broadcast, a Columbia feature, is scheduled at 8:30—the La Palma Smoker comes over WADC and the Columbia chain at 8:30—Winnie Lightner appears before the microphone in the Columbia program over the Columbia chain at 10:30—Yeast Farmers, with Chaucer H. Parsons, tenor, come over the WJZ chain at 8:40—The "Chicken" is sent out by the WJZ chain and is available over KDKA at 9:30—Floyd Gibbons, headline hunter, comes back for another adventure over the WEAF relay at 10:30.

GENE AND GLENN

Gene and Glenn, popular comedy duo, appear before the WTAM "mike" at 10:30 tonight but it is a bad time for them. Winnie Lightner, one of the stage's greatest comedienne appears on the Columbia program over the WADC chain at the same time. Winnie is the last who won such great honors in "Gold-Diggers of Broadway."

Gene and Glenn are continuing advertising via the ether over WTAM starting at 6:30 in the morning and devote too little of their time to actual entertainment.

SEA-FARING ACTIVITIES

H. G. Smith, president of the National Council of American Shipbuilders will give a five-minute talk about sea-faring activities over KDKA at 7:30—Nai Shikret will direct the Mohol program, succeeded by Erno Ruppe—Victor Herbert's "The Fortune Teller" is blended into harmony by the Sylvania Foresters.

WGJ GRANTED FULL TIME

WGJ, the General Electric station in Schenectady, N. Y., is restored to full time rights in radio broadcasting through the edit issued by the Federal radio commission. WGJ will now broadcast on a 50,000 watt power and a frequency of 760 kilocycles as it has been for the past 10 days. The judgment was rendered by the court on WGJ's appeal of the commission's order that it share time with KGO, Oakland, Cal.

ENIQUE REQUEST

Here's a sample of the questions that a demanding audience fire at musical directors of radio stations. This one was received at WLW.

"Please send me a list of the songs hit from the years 1890 to 1929 and where it is possible for me to obtain them."

SCHUMANN-HEINK WITH NBC

Madame Renette Schumann-Heink, one of the world's leading singers on the concert and operatic stage has been added to the advisory staff of the National Broadcasting company as special consultant. She will also continue as guest artist with the Metropolitan and Chicago Civic Opera companies, her new position having no effect on her radio performances.

Reinold Wehrenath and Walter Damrosch serve in similar capacities with NBC. Madame Schumann-Heink's addition to the force making it one of the foremost advisory groups on the radio world.

KOLSTER HOUR MAY RETURN

The Kolster Radio hour, scheduled over the Columbia network at 10:30 tonight will be broadcast per schedule despite the company's previous announcement. The hour, which among the most important of radio programs but listeners who waited for the period last week heard announcements explain that it had been cancelled.

Winnie Lightner, one of New York's greatest comedy stars, is to be guest artist on the program tonight.

Farms In Indiana

Make Use of Radio

Lafayette Ind., Jan. 29.—Twenty-two per cent of the farms in Indiana are equipped with radio, according to statistics of the bureau of agricultural economics and the Purdue university agricultural experiment station here.

4816 Miles Long

Distance Air Mark

Paris, Jan. 29.—The official long-distance flying record is now 7,905 kilometers 140 metres, or 4,816 miles, according to the Aero Club of France.

FARM NOTES

Items of Interest Taken from Ohio Rural Districts

"Every indication at present points toward an advancing hog market during the next few months," announces C. N. Arnold of the rural economics department of the Ohio State university. "Storage holdings of pork and lard on Dec. 1 were a little high, but not unduly so, and export demand has recently been very good. Receipts of hogs should continue rather low for another year."

In analyzing the hog situation, the grower is primarily interested in the outlook for production and market receipts during the coming year. Arnold points out. The fall pig crop for the United States as a whole, in 1929, was about the same size as that of the previous year, judging by the fall survey made by rural mail carriers, which touched 63,000 farmers.

MARKETS

MARKET OPENING

New York, Jan. 29.—United States stock market opened at 129 3/8, the opening of the market today in response to the urgent demand for the stock, based on its large increase in net earnings for 1929, as reported after the close of Tuesday's market. With net earnings of \$21.18 a share, the big corporation exceeded its best previous record.

General electric "old stock" was replaced by the new shares, and a famous member of the 1929 skyscraper brigade passed off the scene of action. The new stock opened at 65 1/2, up 1-8.

CHICAGO LIVESTOCK

LEGAL NOTICE

"Charles J. Dunlap, residing in Hamilton County, Indiana, County, Pennsylvania, and Elizabeth Dunlap residing in Hamilton County, Pennsylvania, do hereby certify that on the 23rd day of August, A. D. 1929, George W. Allen filed his petition in the Common Pleas Court of Hamilton County, Ohio, in case No. 29581, against the above named parties and others, praying for an order compelling said parties and others to execute a certain deed of real estate in Hamilton County, Ohio, described in the petition filed in said case, and known as a part of Lot No. 562, Appraiser's Addition to Salem, Ohio, for the reason that same was transferred to said defendants by defendants, as shown on a part of Lot No. 562, Appraiser's Addition to Salem, Ohio, with the fraudulent intention to defraud their creditors, and that said property was administered for the benefit of the creditors of said Lot No. 562, Appraiser's Addition to Salem, Ohio, and that said parties and others may be found entitled to, and justice and equity require, that they be required to answer on or before the 23rd day of March, 1936, in said case, and cause, and known as a part of Lot No. 562, Appraiser's Addition to Salem, Ohio, for the reason that same was transferred to said defendants by defendants, as shown on a part of Lot No. 562, Appraiser's Addition to Salem, Ohio, with the fraudulent intention to defraud their creditors, and that said property was administered for the benefit of the creditors of said Lot No. 562, Appraiser's Addition to Salem, Ohio, and that said parties and others may be found entitled to, and justice and equity require, that they be required to answer on or before the 23rd day of March, 1936, in said case, and cause, and known as a part of Lot No. 562, Appraiser's Addition to Salem, Ohio, for the reason that same was transferred to said defendants by defendants, as shown on a part of Lot No. 562, Appraiser's Addition to Salem, Ohio, with the fraudulent intention to defraud their creditors, and that said property was administered for the benefit of the creditors of said Lot No. 562, Appraiser's Addition to Salem, Ohio, and that said parties and others may be found entitled to, and justice and equity require, that they be required to answer on or before the 23rd day of March, 1936, in said case, and cause, and known as a part of Lot No. 562, Appraiser's Addition to Salem, Ohio, for the reason that same was transferred to said defendants by defendants, as shown on a part of Lot No. 562, Appraiser's Addition to Salem, Ohio, with the fraudulent intention to defraud their creditors, and 24-HOUR SERVICE OFFERED BY CITY TAXICAB CONCERN

Expansion of Company Ads More Cars To Wright Fleet

Twenty-four hour taxi service is provided by the Wright Taxi company, North Ellsworth ave.

In all hours of the night, regardless of the weather conditions, whether rain or shine, the Wright taxicab service is offered to the public by Mr. and Mrs. Paul Wright, owners and managers.

Because of its recent expansion the service is available through phone numbers 961 and 296 and additional numbers of cabs are available.

The Wright concern has new model cabs with chauffeurs that are licensed as competent drivers. Driving examinations are submitted to every applicant for a position before licenses are granted by city officials, insuring the public of careful operators under all conditions.

Through its absorption of another taxicab concern late in 1929, the Wrights now operate what is probably the largest fleet of cabs in the city. Because of this fact the company is able to offer prompt service to any section of the city and has a reasonable set of rates for long distance trips.

Batteries Repaired By Salem Concern

The Salem Storage Battery company, rear of the Farmers bank, features a complete battery service, including repairing and recharging of all makes of batteries. It is headquarters for the "Vesta" storage battery.

Superior to many electrical establishments and surpassing others in the class of materials used, this firm has continued in business for several years. Well versed in technical theory of the business due to actual experience, so no matter what electrical work may be, the concern can work out the solution which will operate to best advantage.

This establishment has been selected as the sales and service station of the "Vesta" battery, which is probably one of the foremost storage batteries of today. They have a complete stock on hand at all times for any make of car. Besides the battery, they have a complete scientific equipment for the repair and recharging or rebuilding of any battery.

One of the "tallest" wireless telephone conversations on record was that between Christian Lie, distributor in Paris for Chrysler Motors, who is visiting in this country, and Laurence Hills, editor of the Paris edition of the New York Herald. Mr. Lie phoned from the Chrysler Building, New York, 1,040 feet above the ground. Mr. Hills listened at the Eiffel Tower, Paris, 982 feet high. Mr. Lie told Mr. Hills that business prospects in America were very good.

BUILDING NEEDS SOLD AT SALEM SUPPLY COMPANY

Variety of Necessities For Construction Work Is Available

With each passing year establishing new construction records, business of the Salem Builders Supply company in Salem is taking on greater volume for the company deals principally with building needs of contractors and home-owners.

Everything needed in the construction of a home or garage can be obtained at the Salem company, one of the oldest established concerns in the city. Sand, building tile, cement, plaster and lime are always available there and are always in demand when contract work is in progress.

The Salem Builders Supply company is always ready to render advice on building problems if so desired and aids those persons planning the building of a home or repairs to a garage or residence in their work. Through experience a keen insight has been gained into the building supply business to such an extent that the company is not only efficient and high standards of service.

Hallie C. Roessler is manager of the concern. Under her are a group of operatives who are successful in all lines of dispensation of building materials. A summary of material available at the company follows: Steel, basement windows, coal, coke and anything coal; all sizes of hard coal; all kinds of paints, builders' hardware, asphalt, asbestos shingles, roll roofing, tile and concrete building blocks, roofing cement, river-washed sand and gravel, brick sand, sewer tile, cement, lime, plaster, brick and limestone.

Biggest Chief Of Police Is Retired

New Albany Ind. Jan. 29.—The largest police chief in the United States has just been retired on a pension here by the new city administration.

He is Chief William A. "Punch" Martin, who weighs 325 pounds. In conformity with his weight Martin is six feet and one inch tall. He packs a punch in his right flat that spells a week in bed for any recipient as he has several times proven. Martin has completed 28 years of service in the local police department. He is now 63 years old. Martin will receive a pension of \$75 a month.

PLYMOUTH MEETS DESIRES OF ALL

Innovations in New Six Result in Pleasing Auto Product

"There has never been a time when the general public knew more about automobile values than at present, nor when it was quicker to show its appreciation of outstanding value," says A. van DerZee, general sales manager of the Plymouth Motor corporation. "Hence, when a new car meets with rapid and general acceptance among car buyers, it is the best indication possible that that particular car is all that is claimed to be perhaps more."

This general statement has been well borne out in the case of Plymouth. Eighteen months ago Plymouth was an entirely new automobile name to the public. To offset this, the car had behind it a great deal of prestige. The fact that Plymouth was Chrysler Motors' low-cost quality car—a car that has real low-car use and comfort, speed and safety, performance and economy—helped tremendously in winning public acceptance and getting the new car off with a flying start.

With the installation of new elevators, Liverpool has become the greatest grain discharging port in Europe.

LEETONIA

The Parent Teacher association of the Leetonia consolidated school district held their January meeting at Perry grange hall Monday evening. The meeting was preceded by an oyster supper at 6:30. The evening program was given: "Effect of Discipline on Different Students," Mrs. Anson, teacher in Washingtonville school; "Cooperation of Teacher and Parent to Help Pupil," Mrs. W. H. Marshall; "Problems of the Bus Drivers," R. B. Halverstadt; "Consolidation After Four Months," was assigned to Mrs. Clifford Aiken and in her absence was discussed by S. N. Van Blaricom, Hayes Bittler and Jonas Peppel; "Able-bodied Are They Necessary, and Why?" Leroy Sell, Dr. Church spoke on "Health in General." About 50 were in attendance.

Swims and Runs, Nervous Man Gains 9 Lbs.

"I swim and run much better now than I ever could, due to Vinol. Nervousness is gone, and I gained 9 pounds," Alfred Mase. Vinol is a delicious compound of cod liver peptone, iron, etc. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. The very FIRST bottle often adds several pounds weight to thin children or adults. Tastes delicious. The J. H. Leis Drug Co. Adv.

MOVIES

"THE LOVE RACKET"

At The Grand

The dramatic scenes which may go on in a jury room when a woman serves as juror is dramatically presented in Dorothy Mackall's latest starring vehicle, "The Love Racket."

How a woman's emotions and in-born impulses may influence her verdict has been woven into an absorbing screen story directed by William A. Seiter. The adaptation was by John Goodrich from Bernice K. Burns' stage success, "The Woman on the Jury," years ago.

Dorothy Mackall is supported by an unusual cast including Sidney Blackmer, a recent recruit from the legitimate stage, Alice Day, Myrtle Stedman, Edmund Burns, Martha Mattox, Edith Yorke and others. The production is entirely in dialogue.

"HOLLYWOOD REVUE"

At the State

Metro-Goldwyn-Mayer's huge musical motion picture now playing at the State Theatre, differs from all the other singing and dancing films so far produced, in that it is distinctly of the revue school of entertainment rather than of the musical comedy type.

It consists of songs, dances, skits, tableaux and "blackouts," with no connecting story.

In the cast are most of the prominent players at the M-G-M studio and a host of stage celebrities.

COURT NEWS

To Become Citizens

The first 1936 naturalization court will be held by Judge W. F. Lones in common pleas No. 1 April 29, when 35 men and women of foreign nativity will undergo an examination for their final citizenship certificates. The time limit has expired when other can be admitted for this final examination, and those who were in a position to take the examination and failed to register the fact with Clerk of Courts John A. Noble, will now have to wait for the fall class.

Court Confirms Sale

In the tax lien foreclosure action filed in common pleas court by Fred George as county treasurer against Samuel Powell and others, the court has confirmed a sale, ordered a deed and also a distribution.

Case Is Dismissed

For want of prosecution the \$25,000 damage action filed Oct. 7, 1927, by Alvin Jarvis, an infant, by his next friend Edward Jarvis, against the Pennsylvania Railroad company has been dismissed by Judge W. F. Lones. The dismissal was at the costs of the plaintiff, with no further record.

Suit Follows Crash

Two civil actions totaling \$20,300 damages have been filed in common pleas court by Attorneys Cochran & Cochran against J. G. Metcalf of 199 West Fourth street, East Liverpool on behalf of Joseph J. McKenna and his wife, Bessie E. McKenna.

The plaintiffs declare that while driving between East Liverpool and Youngstown on the East Liverpool-Youngstown road and at the intersection of the Negley-Rogers road at Rogers, their car was struck by one owned by Metcalf. McKenna was severely injured, according to the petition, and it is he who seeks \$20,300 damages.

The car was owned by Mrs. McKenna and it was damaged to the extent of \$300, for which she seeks a judgment.

Husband Asks Divorce

In a divorce petition filed by Richard S. Stinson against his wife Charlie Stinson of Fairview street, East Liverpool, the plaintiff relates that his wife has been keeping company with other male people. They were married at Beaver, Pa., Jan. 15, 1922 and have one child, the custody of which is sought by the plaintiff. The petition of the plaintiff has been filed by Cochran & Crawford of East Liverpool.

Asks Foreclosure

H. W. Hammond of Columbiana has filed a foreclosure action in common pleas court against Clarence A. and Hazel Cope of New Waterford to recover \$284 claimed to be owing on a note for \$200 executed Jan. 19, 1924, secured by mortgage on property in Fairfield township. The petition was filed by the plaintiff as his own counsel.

Real Estate Transfers

The Hanna Furnace Co. to Valley Furnace Co. acreage and lots in Leetonia, Salem and Fairfield township, \$1.

Mary A. Votaw and others to Laura N. Johnson lot 281 Evan's 6th addition, Salem, \$5,250.

Richard Chappell and others to same, interest in same tract, \$1.

Harry P. Huston and wife to Arizona Martin, part acre, section 7, Middleton township, \$750.

Affidavit for transfer of real estate inherited from George B. Smith by Jessie McCormick, lot 363 Walnut street, East Liverpool.

Harold G. Moore and others to James B. Moore, lot 60, Nicholson's 2nd addition, Wellsville, \$1.

John W. Yates to County Commissioners for road purposes, 147 acres, section 17, Butler township, \$123.

James F. McGarry, executor to Frank DeLong and wife, lot 3979, Land Improvement Co.'s, addition, East Liverpool, \$308.

ABOUT TOWN

Recent Births

Mr. and Mrs. E. F. Hauser, East Third st., are the parents of a daughter, born Tuesday at the Central Clinic hospital.

Mr. and Mrs. Lloyd Wank, of Summit st., are the parents of a daughter, born Tuesday evening at their home. She has been named Lois Irene.

Mr. and Mrs. Carl Neely of East Palestine are the parents of a daughter born Tuesday at the home of her parents, Mr. and Mrs. Charles Wilson, South Broadway. She has been named Patricia Ann.

Mrs. Neely was formerly Miss Mildred Wilson.

A daughter was born this morning to Mr. and Mrs. R. Leslie Smith, of East Sixth st., at Salem City hospital. She has been named Marilyn. Mrs. Smith before her marriage was Miss Clara Carr.

This morning a son was born to Mr. and Mrs. Walter Regal, East Fifth st.

Kiwanis Meeting

Dr. John W. Ham, Atlanta, Ga., in charge of evangelist services now being held at the First Baptist church, will be the speaker at the Kiwanis club meeting at the Memorial building Thursday noon. The meeting will be in charge of Ralph B. Snyder and Z. W. Barnard. Kiwanians are expected to attend tonight's service at the First Baptist church in a body.

Men's Glee Club

The Men's Glee club of the Mullins Manufacturing corporation held its initial rehearsal Tuesday evening at Memorial building, under the direction of J. William Filson. Mrs. Paul Covert is the accompanist. The club will meet next Tuesday evening for a practice.

L. T. L. To Meet

The Loyal Temperance legion will meet at 4 p. m. Thursday at the Christian church Educational building, East Second st. A number of new members will be received at this meeting.

Aid Society

Members of the Ladies Aid society of the Christian church will meet Wednesday evening at the church after prayer meeting. A good attendance is desired as important business will be discussed.

City Hospital Notes

Two patients have been discharged from Salem City hospital. They are: Mrs. Ethel Fleckinger, Berlin Center, and Harry Messersmith, of Columbiana.

Wife Dumb At Card Game; Asks Divorce

Detroit, Jan. 29.—"If you were smart enough we could be millionaires, but you're too dumb."

That is what David B. Fletcher said to have told his wife, Madeline U. Fletcher, 19, who recently obtained a decree of divorce from Circuit Judge Maurice H. McMahon.

The young wife, who was married to Fletcher January 9, 1928, and separated the following July, testified Fletcher was referring to her card-playing ability. She said he schooled her in the technique of the game, and said he showed how to "mark" the cards.

If Your Stomach Torments You

Do This for Quick Relief

Most digestive suffering is due to "too much acid" in the stomach causing gas, heartburn, stomach pain and other distressing symptoms.

By taking a little Bismarated Magnesia after eating or whenever pain is felt, you promptly remove the cause of the trouble. Bismarated Magnesia neutralizes excess acid instantly. The digestive organs are soothed, healed and strengthened in a wonderful way, and normal healthy digestion results. Because it is so quick, so safe, so sure in ending digestive troubles, doctors recommend Bismarated Magnesia and thousands use it all over the civilized world. There is no better in digestion remedy and food corrective.

You can get it in either powder or tablets at the nearest good drug store. If your stomach troubles and torments you, get Bismarated Magnesia at once, and again enjoy the pleasure of care-free painless digestion. Adv.

More Chicks Will Be Chickens when fed

Ryde's "Startrite" Chick Food

With Buttermilk. Poultry raisers know that proper care and feed will bring to maturity every normal chick. To do this, a safe, easily digested starting food is an absolute necessity. Avoid double loss of egg hatching expense and loss of future profit by feeding Ryde's "Startrite" Chick Food.

Demand Ryde's because it is a safe, natural, easily digested complete food. Don't strain tender sensitive digestive organs of baby chicks by using heavy fibrous feeds which cause disease. Use "Startrite" and you start them right. A pound will raise a baby chick well past the danger period.

Your Money Back if Not Satisfactory

FREE GAME The interesting, instructive Ryde Chick Game which includes play receipt of name and address, including list to pay postage and packing. Address Ryde & Co., 3431 W. 95th St., Chicago, Ill.For Sale by SALONA SUPPLY CO.

McArtor Florists Display Power In Trouncing Furnace Team

Posies Easily Defeat Runner-Up In League Race In Fast Battle

McArtor Florists handed the Electric Furnace a cage aggregation, runner-up in the title race in the first half of the city Class A league, its worst trouncing of the season and issued the threat that it will be a serious contender for second half honors in annexing last night's conflict between the two teams by a one-sided 25-14 score.

The Florists were masters of the furnace combine throughout the contest and only once were threatened with defeat. This was in the third quarter, when the furnace team staged a strong rally, but with the opening of the final quarter the Posies soon ran up a string of field baskets that clinched the verdict.

The Art Jewelers had a difficult time annexing a 22-16 decision from the Printz Klub in the opening contest. The score was tied at the half-way mark but the Jewelers won out by a decisive last-quarter spurt.

Springer Stars
Work of Wilbur Springer in completely outplaying "Lighthouse Harry" Vogel, ace of the Electric Furnace squad, was the outstanding feature of the nightcap. Springer outplayed the furnace star in every department of the game and outscored him 11 points to four.

The first quarter was featured by

Risko Ruled Unfit For Campolo Fight

New York, Jan. 29.—Johnny Risko is not a fit opponent for Victor Campolo, the New York state athletic commission ruled late Monday when Madison Square garden applied for a section for the Cleveland baker to meet the tall South American, one week from next Friday.

The ruling, the commission said, was predicted on the belief that Risko would afford merely a repetition of Tom Heeney's fight with Campolo.

"There are plenty of good, big men for Campolo to meet," Commissioner Muldoon declared, "without picking on a little fellow like Risko."

The "Little Fellow," weighing more than 190 pounds, recently beat Bertazzolo, the Giant Italian; got a decision over Ernie Schaff; knocked out Jimmy Maloney and lost a fast fight to Tuffy Griffith.

Risko also fought George Godfrey, a bigger man and considered by many to be a better man than Campolo, and got the decision over him.

Fight Results

At New York—Harry Smith, middleweight, defeated Johnny Krieger, Bay Ridge (10).
Enzo Piemonte, Italian light heavyweight, won decision over Erwin Steiger, Germany (10).
Victor Perrand, Spanish flyweight, defeated Freddie Lattansio, New York (6).
Gene Salaco, New York, kayode Sammy Fisher, New York in the fourth round (4).
Orlando Domenici, Italy, and Joe Lafauci, New York, drew (4).
Al Weaver, United States navy, knocked out Rocky Rockinelli, Fort Hamilton, in the sixth round (6).
At Wilkes Barre, Pa.—Johnny Parr of Cleveland defeated Steve Smith of Bridgeport, Conn. (10).
Tony Stetz, Wilkes Barre, knocked out Walter Kemer, Syracuse (1).
At Indianapolis—Jackie Purvis, Toronto welterweight, won decision over Billy Petrolle, Fargo, N. D. (10).
At Jacksonville, Fla.—Young Manuel Quintero, Tampa lightweight, defeated Harry Wallach of Brooklyn (10).
St. Petersburg, Fla.—Tony Leto, Tampa, defeated Harry Forbes, Chicago featherweight (10).
At Detroit—Battling Criss, Detroit, knocked out Bill Browne, Pontiac, Mich. (2).

Of French invention is a motor-driven hole borer to aid in planting rubber trees on colonial plantations.

NEW ERSKINES DISTINCT WITH INDIVIDUALITY

Seven Body Styles Among
Innovations of 1930
Productions

A new Erskine, of completely new design and greatly increased power and performance, has been announced by the Studebaker Sales Company and displayed at the automobile show. The new car is known as the Dynamic New Erskine "because of its dynamic appearance, power and value symbolic of the forceful trend in present-day living." The New Erskine claims more power per pound of weight than any other car under \$1,000.

Seven body types are offered, all reflecting the same general characteristics of Studebaker's new "Dynamite" which was brought out last summer. Colors are smartly authoritative of fashion's latest vogue and attain their final cloak of beauty through 20 finishing operations.

All Bodies Graceful

The complete model range includes a five-passenger four-door sedan, Regal sedan, Club sedan, Regal landau, two-passenger business coupe, coupe for four with rumble seat and tourer with folding top. Save for the business coupe and tourer, which are finished in genuine leather upholstery, is in mohair. Mohair or broadcloth is optional in the Regal landau. Two extra wire wheels in front fender wells and a folding luggage grid are standard on the Regal sedan and Regal landau.

Mounted on a wheelbase of 114 inches, the new bodies are long, graceful and exceptionally roomy. Ample headroom has been achieved by allowing plenty of space in the body from floor to ceiling, while additional legroom in the rear seats is provided by a recessed front seat. Clear vision bodies are of welded steel over selected hardwood foundations, and are of Studebaker design and manufacture throughout.

Door Extra Wide

Every detail of exterior and interior finish reflects the painstaking care of Studebaker's traditional coachcraft. Double drop frame construction achieves low-slung smartness and at the same time increases safety and roadability by lowering the center of gravity. Sweeping lines are further emphasized by graceful curved windshield pillars topped with a jaunty polo cap visor, and a new tri-lateral belt moulding originated by Studebaker artists.

Wide crown fenders hang low over large balloon tires, flanking bright chromium plated head lamps and a deep, narrow radiator. Headlights are of the tilt ray type for added convenience and safety and are controlled by a switch on the steering wheel. Doors are of extra width for easy entrance and exit.

Interior finish in these new Erskine models adequately conforms to exterior beauty. Arm rests are standard in the rear seats of sedans. Club sedan and landau. Silken shades at back and rear quarter windows, as well as dome light, heavy tonneau carpet and polished robe and foot rails, are provided in the sedans.

Electrician Is Staunch Friend Of New Konjola

"Gained Ten Pounds In Four Weeks"
Says Man In Franchise Of
New Medicine

MR. FRANK ANDRUSS

I wish I had taken Konjola long ago," said Mr. Frank Andruss, an electrician of 847 East 144th street, Cleveland, Ohio. "I spent many days in hospitals off and on for years. My stomach was in terrible condition and food did not digest properly. Gas pains and bloating caused me much pain and misery. My nerves were so shattered that I was obliged to give up my work on many occasions. I spent a great deal of time and money in a vain search for health until I began taking Konjola. "Four bottles of this great medicine put an end to all my health worries. I no longer find it necessary to keep on a diet, but eat what I please without the slightest discomfort or pain. My nerves are strong and well again and I go to my work with energy and pleasure. I gained ten pounds in just four weeks while taking Konjola and I never slept better in my life. My whole general health has shown marvelous improvement and I owe all to this great medicine."

Konjola is sold in Salem at all J. H. Lease (Mr. Kaminsky) drug stores, and all the leading druggists in all towns throughout this entire section.—Adv.

De Soto Straight Eight Silent Steel Mono-Piece Body

Low center of gravity, giving increased safety, and permanent quietness are two important features of this body. It is made of only four main parts, welded together into a single unit. Heavy top and foundation sills are eliminated.

Peerless Cars Equipped For Radio Installations

Peerless swings into its thirtieth year with the most far-reaching program in its long history—three entirely new straight eight motor cars!

The largest of the new Peerless cars is the Custom Eight—a luxurious car of 120 horsepower and 136 inches of wheelbase. The medium-sized and medium-sized automobile of the Peerless series is the Master Eight—powered by a motor in excess of 100 horsepower and wheelbase of 125 inches which will be exhibited by Wilbur Coy & Co., Inc.

Like-wise, the engineering of a third new Peerless car has been completed and final plans for its production have been made. This third car will also have an eight cylinder engine developing 85 horsepower at 3200 R. P. M. The bore and stroke of the motor is 2 1/4" x 4". The wheelbase of this car is 118 inches. It is known as the Peerless Standard Eight. This is the lowest priced unit of the new Peerless Straight Eight series and it is the management's plan to get this car in production at once. The present Model 61-A, a six-cylinder automobile of conservative price, will be continued, the Peerless executives said.

On the floor of the automobile

show are exhibited the new Peerless 1930 Custom Eight seven passenger sedan with deluxe equipment, a five-passenger DeLuxe Master Eight sedan, a five-passenger DeLuxe Club sedan of the Master Eight series, a five-passenger Standard Eight, and a 61-A six-cylinder sedan.

All Peerless cars are equipped for radio installation.

PACKARD LINES NOW DISTINCT

Eleven Body Types Shown
In 1930 Displays By
Manufacturers

The new Packard line consists of representative types of its new cars which were introduced first in the fall. Packard has three distinct lines of cars, the Standard Eight, Custom Eight and DeLuxe Eight. In addition there are the Individual Custom Eight types which were displayed at the New York and Chicago salons.

There are 11 different body types in each of the three lines with

bodies made in Packard's own body factories and four different wheel bases. The five passenger Standard Eight sedan is mounted on a chassis with a wheel base of 127 1/2 inches and the other 10 models of the Standard Eight line have a wheel base of 134 1/2 inches. All models of the Custom Eight line have a wheel base of 140 1/2 inches and the DeLuxe Eight models are on a chassis with a wheel base of 145 1/2 inches.

The Packards on display bear out the statements which have been to the effect that a "Packard is always a Packard." Long of all three types of cars remain characteristically Packard. As could be expected in a new Packard of course the lines have been somewhat refined giving them added beauty. All models are an inch and a half lower than the cars which were seen in last year's show. They have a new broad moulding which divides into gracefully curved narrower mouldings at both front and back and which add much to the appearance of the cars.

The New Ideal

Of Beauty, Luxury and Performance

THE GREAT SIX

Distinctively Different From Other
Fine Cars

When you see the Willys-Knight Great Six, you appreciate that it marks the achievement of new ideals in fine car design. The low, graceful lines possess distinct individuality. Perfect symmetry and proportion obtain throughout.

When you drive the New Willys-Knight Great Six, you realize that its individuality is also revealed in a higher order of performance. The patented Willys-Knight double sleeve-valve engine is faster, livelier and more powerful than ever before. Other advanced features include Bijur one-shot lubrication system, cam and lever type steering mechanism, full internal four-wheel brakes.

BUICK ATTRACTS INTEREST WITH LATEST MODELS

Beauty Added to Product For 1930 Year; Other Features Added

Unusual interest centers this year on the new 1930 Buick line which is on exhibition at the automobile show this week. Several engineering advancements, besides the new beauty of the car, are responsible for the unending crowds that gather at the Buick display.

More powerful motors, new chassis construction, semi-elliptic springs and double-acting shock absorbers, a new type of brakes, a road shock eliminator and a worm and roller gear type of steering assembly are some of the features which distinguish the 1930 Buick from its long line of fine predecessors.

Exceptionally Fast

Buick this year is an exceptionally fast car. All models have an actual road speed in excess of 70 miles per hour and, because of the new engineering advancements that are embodied in the car, high speeds can be maintained in comfort and safety over roads that ordinarily slow the motorist down. The Buick engineers have eliminated car sway and have built into the 1930 models a tenacity to the road that cannot be broken.

This rugged chassis is cushioned on long semi-elliptic springs and double-acting shock absorbers, giving the car a free and easy going. The double action of the shock absorbers is controlled by metering valves which give uniformity of action under all road conditions.

Eliminates Shock

To these advanced aids to riding comfort and road ability Buick has added a new feature known as the road shock eliminator, a device which does away entirely with the difficulties of steering wheel whip, that is the tendency of the wheel to wrench itself out of the driver's hands when traveling at high speeds over rough roads. No physical effort is required to hold the 1930 Buick to the road, even at high speeds over rough surfaced highways.

Smooth Brakes

Smooth positive brakes are another factor in the 1930 Buick's unequalled riding qualities. On all 1930 models Buick has adopted the Buick controlled servo-internal brakes. Buick brakes are both mud and water-proof and require a minimum of physical effort in their operation.

Other new features which distinguish the 1930 Buick are a sloping windshield which eliminates glare from eyes of the driver; and thermostatically controlled radiator shutters. The Buick engine is mounted on deep flexible rubber mountings; this is an additional safeguard against the transmission of sounds to the car body. These flexible mountings, while they hold the engine firmly, are so designed that rubber, under pressure, cushions the engine and insulates it from the frame.

Longer and Lower

The Buick this year is a longer, lower and richer looking automobile than any of its predecessors that have been presented in the 25 years of the company's history. The 1930 line is offered in 15 models, embracing three different series which vary in horsepower, length and wheelbase and price.

Additional power has been built into the new Buick by increasing the bore one-eighth inch, producing an 8 per cent increase of power in the famous overhead valve engine. This gives the models in the 40 series a 99 horsepower. All models have an actual speed in excess of 70 miles per hour.

HOMEWORTH

Raymond Miller and Mrs. D. W. Hodge and sons, were in Minerva Monday.

Mr. and Mrs. C. L. Roger are the parents of a son born a few days ago.

Mr. and Mrs. Emmett Glass were guests of Mr. and Mrs. Henry Weaver last week.

Mr. and Mrs. Howard Glass and Donald, of New Chambersburg, Pa., Sunday with the former's parents, Mr. and Mrs. Bert Glass. Mrs. Elizabeth Cosens is still confined to the Alliance City hospital.

The Coss family who has been seriously ill for the past six weeks is now getting along nicely.

Mr. and Mrs. Foster D. Mangus and son Max, of Buffalo, N. Y., were guests of relatives in this community last week.

A son was born Tuesday to Mr. and Mrs. Carl J. Karper, of Alliance. Mrs. Karper was formerly Miss Beulah Davidson of Homeworth.

Mr. and Mrs. J. F. Glass of New Chambersburg are spending the winter with their son-in-law and daughter, Mr. and Mrs. C. W. Heim. Mr. and Mrs. Emmett Grimes spent Sunday with Mr. and Mrs. Paul Heestand of Alliance.

Mrs. Margaret Johnson was brought home from the Alliance City hospital Monday.

Mr. and Mrs. V. L. Thomas and daughter, Kathleen, of Alliance, were guests of Mr. and Mrs. Marion Stump Sunday.

Benjamin Garrigue, an aged resident of Homeworth, is quite ill at his home east of Homeworth.

Mr. and Mrs. Daniel Woolf of Rochester spent Thursday with Mr. and Mrs. Elgie Sanor.

A large number of our people attended the funeral service of Aaron Sharpnack, 75, at the Stark memorial home at Salem Tuesday afternoon. Burial was in Hope cemetery, Salem.

New Essex Challenger Coupe Smart, Roomy, Luxurious

The longer wheelbase and additional body width of the New Essex Challenger have contributed exceptional roominess and stylish smartness to the New Essex Challenger coupe. The seat is deep and extremely comfortable, and there is considerably more leg-room than in previous models. Soft curves distinguish the roof design while the rear deck sweeps gracefully in harmony with the flare of the rear fenders.

Innovations Incorporated In Studebaker's New Models

President, Commander and Dictator models exhibited at the automobile show this year by the Studebaker Sales company reflect Studebaker's long established policy of keeping its cars constantly up-to-date. In the words of the manufacturer, these newest Studebaker models are seasoned eight, the result of more than two successful years of eight cylinder manufacture during which time Studebaker has taken the leading position in the eight cylinder field.

The wide range of 37 distinctive Studebaker straight eight models, augmented this year by the addition of a new five-passenger State Victoria equipped with wire wheels to the 135-inch President series, fortifies Studebaker's unique position as the world's leading builder of eight cylinder cars. Substantiating its eight cylinder policy, Studebaker submits the following illuminating data: While in 1923, only 10 per cent of all makes of American passenger car engines were eight, that figure has now grown to 42 per cent, and new car registrations throughout the country indicate a constant increase in the purchase

of "eights" in the fine car field. Studebaker points with pride to the phenomenal success of its President Eight, since its introduction in 1927. So enthusiastic was the reception accorded the President that shortly thereafter Studebaker introduced the Commander Eight, to be followed last summer by the Dictator Eight. As a result, Studebaker now offers a complete line of eight cylinder cars ranging from \$1,195 to \$2,495 at the factory.

Changes In Eights

Changes in the new Studebaker eights, while not radical, reveal convincing evidence of the company's progressive engineering policy. A number of important features have been added, principal among these being the adoption throughout the line of the new Burgess acoustic muffler, and a new valve spring damper device developed by Studebaker engineers. President and Commander models in addition, are equipped with new automatic radiator shutters, and an improved Lancaster vibration damper for increased quiet and smoothness of operation. All State and Regal models on the President and Commander chassis are now fitted with Duplate

MARQUETTE CAR HOLDS INTEREST FOR AUTO WORLD

Companion To Buick To Create Stir In Motor Shows

Marquette, the Buick's new companion car, which made its first appearance earlier in the present automotive season, is creating unusual interest at automobile shows. This fast six-cylinder newcomer to the show is in the spot, light because it offers many features and advantages that are new in its price field.

Built on a 114-inch wheelbase, the Marquette is offered in six models—a four door sedan, two sedan, bus, new coupe, sport coupe, roadster and a phaeton. All models in the line are powered with an exceptionally fast and powerful L-head engine which develops 67.5 horsepower. The car's low long graceful lines are accentuated by the slender design of the radiator and hood and the molding which extends around the body of the car. A distinctive treatment of both line and color is evident in the luxurious Fisher bodies which are finished throughout with fully chromium plated exterior hard ware.

A distinctive and major improvement is found in the new type of tilted non-glare windshield which was pioneered by the Marquette. This windshield, while retaining all the advantages of comfort and ventilation of the older straight type, provides absolute freedom from glare, either from the front, rear or sides and for this reason is proving a new factor of safety, especially in night driving.

Special attention was paid to the present-day demand for a car of all-around capabilities. Mr. Peed says: "That this has been achieved is shown by the amazing tests of the car made at Ligonier Mountain, Pennsylvania, where the DeSoto Straight Eight out-performed cars costing twice as much."

"It does not cost any more for the Chrysler engineering staff to design and build a fine car to sell at given the benefit of the work of these expert engineers."

WILLYS MOTOR DEVELOPS HIGH HIGHWAY SPEED

65 Horsepower In Speeds
Of 75 Miles Each
Hour; Silent

Powered by an engine that develops 65 horsepower, producing a speed of 72 miles an hour in high and 48 miles an hour in second, the new Willys Six, on display here, is one of the most powerful cars in its price class. With this achievement of power the Willys six brings to the low priced field a surplus of speed for all the demands of modern motoring. In appearance the new car offers a style development as pronounced as its exceptional performance and is seen as a significant bid by Willys-Overland for outstanding leadership in the Willys six price class.

The price range from \$695 for the two-passenger roadster to \$795 for the standard sedan and \$850 for the de luxe sedan. An entirely new car the Willys six meets the popular demand of the buying public for a low priced six with a speed and power development found heretofore only in cars selling above the \$1,000 class.

New Features
Numerous features of ultra-modern engineering are embraced in the

construction of this new car, such as its rubber insulated engine to provide vibrationless action, highest compression of any engine in its price class, internal four-wheel brakes all around, Monroe double acting hydraulic shock eliminators, manual heat control, full force feed lubrication, three spoke rubber covered steering wheel, finger-tip control, crankcase ventilation, heavy counter-balance crankshaft, hand brake lever at extreme left, adjustable front seats in sedan models, sturdy frame construction, large oversize tires and unusual oil and gas economy at cruising speeds of 35 to 45 miles an hour.

First In History
Never before in automobile history has any car manufacturer met the public demand for speed and power in the low priced six class in such dramatic fashion. In addition the Willys six incorporates every element of safety and utmost riding comfort at every speed range. The striking new models, which include a standard sedan, de luxe sedan, coupe, roadster and coach, are characterized by lines of distinctive beauty with rich color combinations and interior upholstery comparable with cars selling at higher prices.

Not content with a performance of 72 miles an hour in high speed, the Willys-Overland engineers have developed an engine that flashes away from traffic jams at 48 miles an hour in second gear. Such a performance in this price field is another striking example of the company's determination to establish the new Willys six in an individual classification.

The engineers have gone even further than providing a car of great speed and power with distinctive

Riding Quality Is Aim of Essex

Among the many improvements in the New Essex Challenger are greatly increased riding qualities. This is made possible by lengthening the wheelbase to 113 inches and by using the splayed type, patented, rear spring suspension. Besides making the car ride easier, this type spring lends a bracing effect to the rear axle and prevents side-sway while traveling at high speeds and rounding curves.

Greater safety has been added to the New Essex Challenger by using a special bridge type frame of 7 1/2 inch depth. Besides making Essex one of the strongest of the lighter cars, the heavier frame also acts as a vibration dampener and this is a contributing factor to the smoothness of Essex operation.

Lines of beauty—they have perfected a car that is certain to win acclaim because of its remarkably easy riding qualities. Double-acting hydraulic shock eliminators give a soft cushion effect over every kind of roadway and assures comfortable riding under all conditions.

A Frenchman has built a completely equipped four-room motor vehicle weighing 5,000 pounds, for long-distance touring.

Reo Transmission Is New In Style

One of the outstanding mechanical developments of the year, the Reo silent-second transmission, that promises to revolutionize driving in heavy traffic and on hills, will be introduced as standard equipment on the Reo Flying Clouds, Models 20 and 25, which were displayed for the first time by the Reo Motor Car Company at the National Automobile show in New York and Chicago, according to advices received from the factory headquarters yesterday by E. L. Grate, local Reo dealer.

The new "Reo silent second transmission" recently invented by Reo engineers, and an exclusive feature on Reo cars and one other American car in a much higher price class, eliminates practically all noise of second gear driving and permits easy shifting from second to high and vice versa while the car is being operated up to 40 miles an hour. Mr. Grate declares.

This Is The New Straight 8
That Startled The Industry

Weeks ago, leading newspapers were informed of a mysterious new eight-cylinder car which was performing incredible feats in the steep mountains of Pennsylvania. Out of curiosity, and sensing a news story, automobile editors hurried to the mountains to investigate. There they saw feats of performance that set them to writing columns of praise about a new car whose very name was still a secret.

Now is revealed the name of that mysterious car—the car they proclaimed a sensation. It is the new Chrysler-built De Soto Straight Eight—priced at less than \$1000.

"Another chapter in the history of the automobile industry . . ." "Never such excellent performance by an automobile of its price class . . ." "Of an entirely different style . . ." "The only car that stood up with it was the one that sold

for approximately \$1500 more . . ." These are typical quotations from what the prominent automobile editors have been writing under their own signatures.

On the basis of overwhelming dollar value, the new De Soto Straight Eight is as outstanding in the eight-cylinder field as its famous companion car, the De Soto Six, is outstanding in the field of sixes. Every comparison verifies this fact.

We Invite You to See the New Showing of

Famous Packard Straight Eights
